## **The Purpose of Operation Icebreaker**

Operation Icebreaker was created by Infowar School to introduce you to the global conspiracy that is controlling our planet. It will introduce you to the topics that explain why we are faced with so many problems that never seem to go away. In a later course titled Operation Iceland, the solutions to our problems can be found which will create peace and prosperity all over the Earth.

### **An Introduction to the N.W.O. Conspiracy and Its Origins**

Operation Icebreaker is only an introduction to the topics and a complete understanding of the absolute picture requires more investigation of our world leaders and their plans. This course will give you an excellent foundation for further learning.

### **An Easy To Share Operation**

Operation Icebreaker is meant to be distributed for all to see. Please share this course with others. You can email this PDF to others to spread information that will help create world peace and prosperity.

## **Evidence Shows World Leaders Are Criminal and Corrupt**

How do we know the people who rule our world are making us give up our freedom and wealth and are stopping us from having peace and prosperity? It's because there are mountains of evidence that show our world leaders are acting in a criminal manner. We need governments and we need governments to cooperate with each other. Society needs structure and organization. What we don't need are criminals in our governments. You will now begin to see the proof of this conspiracy. Not every person in government is involved and the levels of membership are complex.

### **Establishing There Is a Conspiracy That Is Not Operating In Our Best Interest**

The conspirators call themselves the New World Order. They have built and are completing what they call their New World Order.

To begin, we will only establish that there is a conspiracy beyond normal governmental activities. We are not even going to establish directly yet that it is criminal although any activities by our governments to act outside their authority is criminal to some extent. Step one for establishing that there is a conspiracy will be to look at how reliable our source of information is.

### **Our Source for Establishing There Is a Conspiracy Is President Woodrow Wilson**

Our source for establishing there is a conspiracy will be a former President of the United States of America named Woodrow Wilson. President Woodrow Wilson was involved in establishing some very big pieces of the New World Order and he tells us in no uncertain terms that there is a conspiracy taking place. Below is a list of some of President Wilson's credentials.

- Ph.D. In political science
- 28th President of the United States from 1913 to 1921
- President of Princeton University
- Governor of New Jersey 1911 to 1913
- Authorized the widespread imposition of segregation inside the federal bureaucracy
- The Federal Reserve Act was passed by the 63rd United States Congress and signed into law by President Woodrow Wilson on December 23, 1913
- The Revenue Act of 1913 re-established a federal income tax in the United States. Signed into law by President Woodrow Wilson
- Led the United States into World War I in 1917
- He was the leading architect of the League of Nations, the forerunner to the UN

*President Woodrow Wilson Helped Build The N.W.O.*

Here are two quotes that tell us President Woodrow Wilson is not some paranoid conspiracy theorist but actually someone who helped build the N.W.O. The quotes make the N.W.O. sound like it is a great thing for the world but soon you will see that it is not.

<https://www.si.edu/spotlight/thomas-woodrow-wilson>

Knowing the Presidents: Thomas Woodrow Wilson

*Smithsonian Institution*

Woodrow Wilson famously elaborated his Fourteen Points in January 1918, sketching out a **new world order** with a new open diplomacy, free trade, disarmament, and a general association of countries: the League of Nations.

Wilson established the **Federal Reserve** and the **Federal Trade Commission**—the first advocated a regional banking system with government control of the nation's currency; the second reduced import tariffs.

Woodrow Wilson The 28th President of the United States

*The White House*

Like Roosevelt before him, Woodrow Wilson regarded himself as the personal representative of the people. "No one but the President," he said, "seems to be expected ... to look out for the general interests of the country." He developed a program of progressive reform and **asserted international leadership in building a new world order**. In 1917 he proclaimed American entrance into World War I a crusade to make the world "safe for democracy."

President Woodrow Wilson Tells Us There Is a Conspiracy

Below is a quote from a book by President Woodrow Wilson that tells us there is a conspiracy that controls the government of the United States of America. The words he uses to describe the conspiracy are very revealing so we will look closer at his description of the conspiracy later in this topic.

*Release Date: January 26, 2005 [EBook #14811]*

Wilson: "We have come to be one of the worst ruled, one of the **most completely controlled governments** in the civilized world - no longer a government of free opinion, no longer a government by... a vote of the majority, but **a government by the opinion and duress of a small group of dominant men.**

Some of the biggest men in the United States, in the field of **commerce and manufacture**, are afraid of something. They know that there is a power somewhere so **organized**, so **subtle**, so **watchful**, so **interlocked**, so **complete**, so **pervasive**, that they had better not speak above their breath when they speak in condemnation of it."

There has come over the land that un-American set of conditions which enables **a small number of men who control the government to get favors from the government**; by those favors to exclude their fellows from equal business opportunity; by those favors to extend a network of control that will presently dominate every industry in the country

I speak, for the moment, of the **control over the government exercised by Big Business**. Behind the whole subject, of course, is the truth that, in the **new order**, government and business must be associated closely.

**Our government** has been for the past few years **under the control** of heads of great allied corporations with special interests. It has not controlled these interests and assigned them a proper place in the whole system of business; **it has submitted itself to their control.**

We know that **something intervenes** between the people of the United States and the control of their own affairs at Washington. **It is not the people who have been ruling there of late.**

The government, which was designed for the people, has got into the hands of bosses and their employers, the special interests. **An invisible empire has been set up above the forms of democracy.**

Don't assume that President Wilson is a good person who is exposing the N.W.O. he was a high level member of the N.W.O. conspiracy and helped build some very large parts of the N.W.O. President Wilson was a member of the White Lodge and the quote above was describing the members of the Black Lodge. Both Lodges are part of the N.W.O. conspiracy and they play opposing roles as part of their strategy. The White Lodge states that they are building a N.W.O. to save humanity from the evil Black Lodge.

Below is a quote from the White Lodge that was documented in the book Problems of Humanity by Alice A. Bailey. President Wilson was paraphrasing this quote in his book that we looked at in the above quote. You can see how both statements have the same meaning.

### CHAPTER III - THE PROBLEM OF CAPITAL, LABOUR AND EMPLOYMENT

(1) It must be recognised that **the cause of all world unrest**, of the world wars which have wrecked humanity, and the widespread misery upon our planet, can largely be **attributed to a selfish group with materialistic purposes**, who have for **centuries** exploited the masses and used the labour of mankind for their selfish ends . . . This **group of capitalists** has cornered and exploited the world's resources and the staples required for civilised living; they have been able to do this because they have owned and controlled the world's wealth through their **interlocking directorates**, and have retained it in their hands. They have **made possible the vast differences existing between the very rich and the very poor**; they love money and the power which money gives; they have stood behind **governments** and **politicians**; **they have controlled the electorate**; they have made possible the narrow **nationalistic** aims of selfish politics; they have financed the world businesses and controlled oil, coal, power, light and transportation; **they control publicly or sub rosa the world's banking accounts**.

The responsibility for the widespread misery to be found today in every country in the world, lies predominantly at the door of certain major interrelated groups of business men, **bankers, executives of international cartels, monopolies, trusts and organisations, and directors of huge corporations**, who work for corporate or personal gain. (7 - 70/1).

(2) A war is starting between the selfish monied interests and the mass of humanity who demand fair play and a right share of the world's wealth. (7 - 72).

Here are the words President Woodrow Wilson uses to describe the conspiracy that controls the government of the United States of America. They all come from [www.merriam-webster.com](http://www.merriam-webster.com) as of 2022.

First he tells us that some of the conspirators are located in and are controlling the fields of commerce and manufacture. This alone gives them great power that is wide spread in America but the conspirators are world wide as we will see later.

#### **Commerce:**

The exchange or **buying and selling of commodities on a large scale** involving transportation from place to place

#### **Manufacture:**

A productive **industry** using mechanical power and machinery

Next are the words President Wilson uses to describe the character of the conspirators. From his description you can see they are powerful and insidious, highly intelligent, secretive and united to say the least. You can already see that not only is there a conspiracy, it is an evil conspiracy.

**Organized:**

Having a *formal organization* to coordinate and *carry out activities*

**Subtle:**

1. difficult to understand or perceive
2. Clever and indirect: *disguised in purpose*
3. Highly skillful
4. *Operating insidiously*

**Watchful:**

Carefully observant or attentive

**Interlocked:**

1. To become locked together or interconnected
2. To lock together: unite

**Complete:**

1. Having all necessary parts, elements, or steps
2. Total, absolute

**Pervasive:**

Existing in or spreading through *every part* of something

**A Closer Look at the People Who Rule the World**

Who are the people that rule the world? Are they your elected governments? Are they the unelected members of the United Nations? Is it another group of people that are less visible to the public eye? The answer is: all of them. They all have their role to play.

Our leaders have had all the time they needed to create peace and prosperity ten times over but they want death and poverty. Why do they want it?

**Our Leaders Are Calling For A N.W.O.**

There are many calls for a new world order from all parts of society and they have been happening for decades. They come from democrats, republicans, communists, Muslims, the Pope, the UN, the EU, South American leaders and others from various industries and institutions. Aren't all these people calling for a N.W.O. supposed to be enemies at least to some extent? They do fight wars against each other don't they? Why are people fighting each other when they all want the exact same thing? It's a deception to make you react and then accept their N.W.O. as the solution to end the fighting. And not just fighting, they cause problems in every aspect of our lives including financial problems and health problems.

Our leaders tell us that we need a N.W.O. to save the Earth from global warming, to stop wars, to stop racism, for global government, for our health care, for gender equality, for economic stability and also for other reasons. To put it simply, they tell us the N.W.O. will be the solution to all our problems. Here are some of their calls for a N.W.O.:

"By closing in on ourselves. Instead, we can heal injustice by building a **new world order** based on solidarity, studying innovative methods to eradicate bullying, poverty and corruption, all working together, each for their own part, without delegating and passing the buck. Also by working to provide healthcare for all. In this way, by practicing and demonstrating social cohesion, we will be able to rise again."

We are having this conversation at a difficult time. Far from a "**new world order**", what we see is unease and uncertainty across the globe; intensified competition amongst major powers; and a perception that we face threats more serious than we have seen in a generation: persistent **conflict, accelerating climate change, and new forms of warfare** deriving from technological change and without **international governance**.

At Greenwich Associates, we believe that **the COVID-19 crisis is a seminal event for the asset management industry from which a new world order will arise.** For years leading up to the COVID crisis, the industry has pursued incremental enhancements to challenges related to operational efficiencies, alignment of interests and use of technology, marketing and client experience approaches.

**The COVID crisis will lead to new thinking and approaches** to address these challenges, driven by new business models, new pricing structures, greater outsourcing, and investments in technology and data.

But, let's not get ahead of ourselves. The global war against the coronavirus and its impact on economic stability and market volatility continues to rage and will for some time. **Until a vaccine is developed and widely distributed, the industry, like the world at large, will remain in a period of transition.**

During this transition, the actions that asset managers take to prepare for the post-COVID environment will have lasting impact on their success once the war is finally won.

### **The Connection at the Top of the Hierarchy for the Criminal and Corrupt World Leaders**

What is the connection between all our leaders who appear so different compared to each other? Is one country secretly in control of all the others? Is the United Nations in control of the nations? Are there secret societies controlling our leaders? To some extent all of the above are true. The world is so large and so complex that control is exercised over the world using all the above methods. Different methods are used for different objectives. But there still has to be some kind of overall coordination and an overall hierarchy of leadership or else this complicated conspiracy would not work at all. We will now see that our world leaders have some very different beliefs than we do. You may not believe this at first but as you read and see the proof you will realize this is true. They tell us in their own words.

#### **Lucifer and the Fallen Angels**

The connection at the top of the entire hierarchy of world control is spirits and false gods. They are real and they exist and there is proof. They are not fairy tails or delusions. They are not aliens. They are Lucifer (also known as Satan) and the rest of the fallen angels that God created and who rebelled and were cast out of heaven and now live on Earth with us. Those fallen angels with Lucifer (Satan) as their leader are the highest level that created and control the New World Order. The N.W.O. is spiritual and religious at its highest level. That is the connection at the top.

## Secret Societies

There are hundreds of secret societies all over the world. Some are large groups, many are small groups. The secret societies are where humans and these fallen angels sometimes communicate with each other. They have to do this in secret or else too many parts of the conspiracy will be easily connected and people will see through their lies which will cause their plan to fail. But on other occasions that suit their needs, the spirits are happy to reveal that they communicate with humans.

One strange thing about secret societies is many of them hide in the open for all to see them. It is a method of avoiding suspicion. If there was a building in Washington D.C. with no windows and no name on it and nobody knew what happened inside that building and highly influential members of society were seen coming and going from that building, people would ask questions and try very hard to investigate what goes on there. But if those highly influential members of society who use that building to meet with each other set up a cover organization and tell people what they do there, no one would ask questions because they would already have the answers about what goes on there.

This is what we see with many of the secret societies. They use a cover story and not everyone who is part of that organization is even part of the N.W.O. The real members use the organization and its non initiated members as a cover which allows the high initiates of the N.W.O. to meet comfortably and privately without suspicion. The best part is that the un-initiated members will argue fiercely on behalf of those secret N.W.O. members that the organization is not conspiring or evil because the un-initiated don't know what is really happening. The N.W.O. will also use the organization to carry out their activities and complete their objectives.

### Our Sources from the Secret Societies

We are going to make connections from the fallen angels (Lucifer and his hierarchy) down to the humans that carry out their plans so first let's look at who our sources are for this information. We have many to choose from so let's use clear and easy examples to begin with. We will use high level occult members who are essentially teachers for the secret societies. They are: Helena Petrovna Blavatsky, Alice A. Bailey, David Spangler and Manly P. Hall. These people claim to communicate with various beings but in reality those beings are only Lucifer (Satan) and the fallen angels.

First we will just establish that our sources have communications with "beings" and that they are high level occultists.

#### Helena Petrovna Blavatsky

Helena Blavatsky wrote books about occult philosophy that she claimed were channeled from other beings. She was a co-founder of the Theosophical Society and was influential in significant occult movements like the New Age Movement. She claimed to be clairvoyant and claimed other psychic powers.

*June 20, 2022*

Helena Petrovna Blavatsky ... was a Russian **author** who **co-founded the Theosophical Society** in 1875. She gained an international following as the leading theoretician of Theosophy.

Her Theosophical doctrines influenced the spread of Hindu and Buddhist ideas in the West as well as the development of Western esoteric currents like Ariosophy, Anthroposophy, and the New Age Movement.

In 1864, while riding in Mingrelia , Blavatsky fell from her horse and was in a coma for several months with a spinal fracture. Recovering in Tiflis, she claimed that upon awaking **she gained full control of her paranormal abilities** .....

Blavatsky alleged that she departed Tibet with the mission of proving to the world that the phenomena identified by Spiritualists were objectively real, thus defending Spiritualism against accusations of fraud. However, she also stated that the entities being contacted by Spiritualist mediums were not the spirits of the dead, as the Spiritualist movement typically alleged, but instead either mischievous elementals or the "shells" left behind by the deceased.

She also claimed that while in Tibet, Morya and Koot Hoomi helped her develop and control **her psychic powers**. Among the abilities that she ascribed to these "Masters" were **clairvoyance , clairaudience , telepathy , and the ability to control another's consciousness, to dematerialize and rematerialize physical objects**, and to project their astral bodies, thus giving the appearance of being in two places at once.

From the quote below we see that, Henry Steel Olcott, one of the other co-founders of the theosophical society along with other witnesses claim to have seen Helena Blavatsky herself write her books while receiving the information clairvoyantly. Blavatsky herself also said she was only ever an amanuensis (a person who writes on behalf of another).

Sources of the material

Madame Blavatsky's mode of writing was unconventional. She wrote of very complex and abstract concepts, **quoting many sources accurately, but rarely referring to any book in the process**. Witnesses speculated that she was engaged in **automatic writing, or clairvoyantly saw the words in the astral plane**.

The Corson family gave this account:

But quite aside from any evidence during her visit at Ithaca, many very reliable witnesses have repeatedly testified to her writing without the books before her or within her grasp. **Olcott, who was longest associated with her intimately**, who followed her by day while she wrote Isis Unveiled, and much of her other writing, **can testify that she wrote automatically or clairvoyantly. She herself never took any credit for what she wrote, but always insisted that she was simply the amanuensis**.

Antiquarian bookseller Charles Sotheran, another of the founding members of the Theosophical Society, provided assistance in finding quotations and in locating books.

## Alice A. Bailey

Alice A. Bailey was a member of the Theosophical Society that was co-founded by Blavatsky. Alice Bailey wrote books that teach occult philosophy and she claims that she received the information telepathically.

Alice Ann Latrobe Batemen Bailey (June 16, 1880 – December 15, 1949) was a **teacher and writer and the founder**, together with husband Foster Bailey, of a spiritual movement **growing out of the theosophical tradition**. She was one of the first writers to use the term New Age.

**Groups in the Bailey tradition** have had several names, among them **World Goodwill, Triangles, Meditation Groups for the New Age**. World Goodwill was founded in 1932 with the purpose of helping establish right relationships among the peoples of the world; it is an **“accredited non-government organization” at United Nations** centers in New York and Geneva.

In November 1919, as she was walking in the Hollywood Hills near the old Krotona, she said she was **contacted by Djual Khul**, known popularly as “The Tibetan”, who wanted her to serve as his amanuensis. **He began dictating to her by means of telepathy** and the first **book produced in this manner**, *Initiation: Human and Solar*, appeared in 1922; it was followed by others over the next thirty years. Uniformly bound in blue they are the basic texts of the Bailey work.

After leaving Krotona, Alice and Foster Bailey went to New York, where they were married the following year. In 1922, **they established the Lucis Trust to publish her books**.

This is Alice A. Bailey's statement of doing all she can to prepare the way for the "Coming One".

I have no other life intention.**"

## David Spangler

David Spangler is a very influential person in the occult societies. He is considered a founding figure in the modern New Age movement. He claims to be clairvoyant and to have received transmissions that became the source of at least one of his books. He also gives lectures on occult philosophy.

David Spangler (born January 7, 1945) is an American **spiritual philosopher and self-described "practicalmystic."** He helped transform the Findhorn Foundation in northern Scotland into a center of residential **spiritual education** and was a friend of William Irwin Thompson .

**Spangler is considered one of the founding figures of the modern New Age movement.** From his earliest years, Spangler has argued he was clairvoyantly aware of non-physical entities. While in Morocco at age seven, he said he had a classical mystical experience of merging with a timeless presence of oneness within the cosmos and then remembering his existence prior to this life as well as the process by which he chose to become David Spangler and entered into his present incarnation.

Following that experience, he claims **his awareness of and contact with various inner worlds of spirit was heightened**, though he believed throughout his childhood that everyone shared the kind of perception and experience that he had. This changed when he moved to Phoenix where he met other individuals who were clairvoyant or were acting as **"channels" for non-physical entities** and realized that his own inner experiences were not common.

In 1970, Spangler went to Britain where he visited the spiritual community of Findhorn in northern Scotland. **He claimed to have been told by non-physical, spiritual contacts** that he would find his "next cycle of work" in Europe;

Over the years since then, Spangler has continued to lecture and teach and has written numerous books on spirituality. He is considered one of the founding figures of the modern New Age phenomenon

Spangler has often been miscast as a new-age channeler due in part to the "transmissions" received while living at the intentional community at Findhorn, Scotland in the 1970s, which became the core of his first book Revelation: The Birth of a New Age.

### The Secret Societies Believe Lucifer (Satan) Is Good and God Is Evil

The occult teaches that Lucifer is actually good and that God is evil. They teach the opposite of the original text of the Bible. In the religion course you will see that the original text of the Bible is the truth about creation and what is happening on Earth. You may not believe that if you have not seen the proof yet but regardless of what you believe, our world leaders know it and believe it. The secret societies and the theosophical society talk about Jesus but they make it clear that the Jesus they refer to is not the same one from the original text of the Bible.

Now we will look at quotes from our sources that prove the occult teach the opposite of the original text of the Bible and that they hate God and Jesus and love Lucifer. From volume 1 of the Secret Doctrine Blavatsky tells us that Lucifer is higher than God.

He was transformed by the Church into Lucifer or Satan, **because he is higher and older than Jehovah**, and had to be sacrificed to the new dogma. (See Book I I.)

From volume 2 Helena Blavatsky tells us that God is the adversary of man and that God was responsible for tempting Adam into the original sin and that Lucifer was the scapegoat who God blamed.

[secret doctrine volume 2](#)

*page. 387*

The appellation Sa'tan, in Hebrew sâtân, "an adversary" (from the verb shatana, "to be adverse," to persecute) belongs by right to **the first and cruellest "adversary of all the other gods" — Jehovah, not to the Serpent**, which spoke only words of sympathy and wisdom, and is at the worst, even in the dogma, "the adversary of men." This dogma, based as it is on chapter iii. of Genesis, is as illogical and unjust as it is paradoxical. For **who was the first to create that original and henceforward universal tempter of man — the woman? Not the serpent surely, but the "Lord God" himself**, who, saying: — "It is not good that the man should be alone" — made woman, and "brought her unto the man" (18-22). **If the unpleasant little incident that followed was and is still to be regarded as the "original sin," then it exhibits the Creator's divine foresight in a poor light indeed**. It would have been far better for the first Adam (of chap 1.) to have been left either "male and female," or "alone." It is the **Lord God, evidently, who was the real cause of all the mischief**, the "agent provocateur," and **the Serpent** — only a prototype of Azazel, "**the scapegoat for the sin of (the God of) Israel**," the poor Tragos **having to pay the penalty for his Master's and Creator's blunder**.

In this quote Blavatsky tells us that Lucifer is the guiding beacon of mankind and intellectual enlightenment and freedom of thought.

[secret doctrine volume 2](#)

*Page 162*

thus **Lucifer** — the spirit of **Intellectual Enlightenment and Freedom of Thought** — is metaphorically the **guiding beacon**, which helps man to find his way through the rocks and sandbanks of Life, for **Lucifer is the Logos** in his highest, and the "Adversary" in his lowest aspect — both of which are reflected in our Ego.

In this quote from Blavatsky she tells us that Lucifer is our savior because he opened our eyes and gave us spiritual immortality. She says he saved us from being robots created by God.

[secret doctrine volume 2](#)

*Page 243*

For it is he who was the "Harbinger of Light," **bright radiant Lucifer, who opened the eyes of the automaton created by Jehovah, as alleged**; and he who was the first to whisper: "in the day ye eat thereof ye shall be as Elohim, knowing good and evil" — **can only be regarded in the light of a Saviour. An "adversary" to Jehovah** the "personating spirit," he still remains in esoteric truth the ever-loving "Messenger" (the

angel), the Seraphim and Cherubim who both knew well, and loved still more, and who conferred on us spiritual, instead of physical immortality — the latter a kind of static immortality that would have transformed man into an undying “ Wandering Jew.”

Here Blavatsky tells us that Lucifer is divine and the Holy Ghost.

## The New Age Religion Theosophy Teaches That the N.W.O. Comes From Lucifer and the Fallen Angels

The new world order originates with Lucifer and the fallen angels. We can make the connection between the N.W.O. and Lucifer's interference with Adam and Eve. The following topics of this section will go through the steps from the time when Lucifer interfered with God's creation until today when we have the N.W.O. we begin by showing that this connection between Lucifer and the N.W.O. is taught by a religion called theosophy.

We will see that theosophy teaches God created humanity and humanity was perfect and immortal and only ate vegetation. Humans could create life by having children at that time and they had no knowledge of evil at all. They were so innocent they walked around naked like the animals do and there was no shame in them because they had no impure thoughts at all. Then Lucifer told Adam and Eve that they would be like God if they knew evil. They ate from the tree of knowledge and then knew evil and became mortal and died after growing old. Theosophy teaches that Lucifer gave humanity spiritual immortality because now humans can accumulate good karma and reincarnate until they become high level initiates by dying over and over again.

Theosophy teaches that Lucifer and the angels that followed him in rebellion against God became mortal and reincarnated several times. Then along with reincarnated humans they formed a spiritual hierarchy. They tell us the spiritual hierarchy eventually created the N.W.O. here on Earth with the help of the human members of their hierarchy. Finally, that very same N.W.O. is telling us, today, that we will become gods and humanity will evolve into a new type of inorganic being and homosapiens, humans, will become extinct. The human members of the N.W.O. are trying to build computers to upload their minds into so they can live forever because now humans are mortal thanks to Adam and Eve choosing to have knowledge of evil on the advice of Lucifer. The good news is, God will restore us to immortality and we don't need to be uploaded into computers. The bad news is, if you reject God, He will destroy you forever and break your computer.

It may sound silly that the N.W.O. want to upload their minds to computers so they can live forever but that is what they tell us. It also shows they know they have rejected God who is the source of life.

Alice and Foster Bailey were serious students and **teachers of Theosophy, a spiritual tradition which views Lucifer as one of the solar Angels**, those advanced Beings Who **Theosophy says descended (thus “the fall”)** from Venus to our planet eons ago to bring the principle of mind to what was then animal-man. **In the theosophical perspective**, the descent of these solar Angels was not a fall into sin or disgrace but rather **an act of great sacrifice**, as is suggested in the name “**Lucifer**” which means light-bearer.

### Definition

Theosophy's founder, the Ukrainian Helena Blavatsky, insisted that it was not a religion, although she did refer to it as the **modern transmission of the "once-universal religion"** that she said had existed deep into the human past. That Theosophy should not be labeled a religion is a belief that has been maintained by Theosophical organizations, who instead regard it as a system that embraces what they see as the **"essential truth" underlying religion, philosophy, and science**. As a result, Theosophical groups allow their members to hold other religious allegiances, resulting in **Theosophists who also identify as Christians, Buddhists, or Hindus**. **Scholars of religion who have studied Theosophy have characterized it as a religion**. In his history of the Theosophical movement, Bruce F. Campbell noted that **Theosophy promoted "a religious world-view" using "explicitly religious terms" and that its central tenets are not unequivocal fact, but rather rely on belief**. Olav Hammer and Mikael Rothstein termed it "one of the modern world's most important religious traditions". Various scholars have pointed to its eclectic nature; Joscelyn Godwin described it as a "universally eclectic religious movement", while scholar J. Jeffrey Franklin characterized Theosophy as a "hybrid religion" for its syncretic combination of elements from various other sources. More specifically, Theosophy has been categorized as a new religious movement. Scholars have also classified **Theosophy as a form of Western esotericism**. Campbell for instance referred to it as **"an esoteric religious tradition"**, while the historian Joy Dixon called it an "esoteric religion". More specifically, it is considered **a form of occultism**. Along with other groups such as the Hermetic Order of the Golden Dawn, the Theosophical Society has been seen as part of an **"occult revival"** that took place in Western countries during the late 19th century. The historian of religion Wouter Hanegraaff noted that Theosophy helped to establish the **"essential foundations for much of twentieth-century esotericism"**. Although Theosophy draws upon Indian religious beliefs, the sociologist of religion Christopher Partridge observed that "Theosophy is fundamentally Western. That is to say, Theosophy is not Eastern thought in the West, but **Western thought with an Eastern flavour**."

There are comments on the World Wide Web claiming that the **Lucis Trust** was once called the Lucifer Trust. Such was never the case. However, for a brief period of two or three years in the early 1920's, when **Alice and Foster Bailey** were beginning to publish the **books published under her name**, they named their fledgling publishing company "**Lucifer Publishing Company**". By **1925 the name was changed to Lucis Publishing Company** and has remained so ever since. **Both "Lucifer" and "Lucis" come from the same word root**, lucis being the Latin generative case meaning of light. The Baileys' reasons for choosing the original name are not known to us, but we can only surmise that they, like the great teacher H.P. Blavatsky, for whom they had enormous respect, sought to elicit a deeper understanding of the sacrifice made by Lucifer.

There is a series of books by teachers of theosophy who have written books by communicating with Lucifer and the fallen angels. The quote below tells us about those books. They are called the Ageless Wisdom series of books. They are sold at lucistrust.org. Some of the books are available to read for free there as well.

will-to-good and patience on the part of humanity. Certain major and spiritual premises should lie back of all **efforts to formulate the new world order**. Let me state some of them:

1. The **new world order** must meet the immediate need and not be an attempt to satisfy some distant, idealistic vision.

2. The **new world order** must be appropriate to a world which has passed through a **destructive crisis** and to a **humanity which is badly shattered by the experience**.

9. In the preparatory period for the **new world order** there will be a steady and regulated **disarmament**. It will not be optional. No nation will be permitted to produce and organise any equipment for destructive purposes or to infringe the security of any other nation. One of the first tasks of any future peace conference will be to regulate this matter and gradually see to the **disarming of the nations**.

These are the simple and general premises upon which the **new world order** must begin its work.

## Theosophy Teaches the Following Doctrines

### God from the Original Text Holy Bible Created Humans

Theosophy admits that the God of the original text Bible created humans. We are told by H.P. Blavatsky in her book titled The Secret Doctrine. The quote from the book is shown below. Jehovah is one of the names of God from the original text Bible.

### *Humans Were Immortal and Perfect When They Were Created*

In the quote below from The Secret Doctrine, we see that theosophy admits humans were created immortal. That means spiritual and physical immortality.

[secret doctrine volume 2](#)

243

No spiritual and psychic evolution is possible on earth—the lowest and most material plane—for one who on that plane, at all events, is inherently **perfect** and cannot accumulate either merit or demerit. Man remaining the pale shadow of the inert, immutable, and motionless perfection, the one negative and passive attribute of the real I am that I am, would have been doomed to pass through life on earth as in a heavy dreamless sleep ; hence a failure on this plane.

For it is he who was the “ Harbinger of Light,” bright radiant Lucifer, who opened the eyes of the automaton created by Jehovah, as alleged ; and he who was the first to whisper : “ in the day ye eat thereof ye shall be as Elohim, knowing good and evil ” — can only be regarded in the light of a Saviour. An “ adversary ” to Jehovah the “ personating spirit,” he still remains in esoteric truth the ever-loving “ Messenger ” (the angel), the Seraphim and Cherubim who both knew well, and loved still more, and **who conferred on us spiritual, instead of physical immortality — the latter a kind of static immortality that would have transformed man into an undying “ Wandering Jew.”**

When God created humanity we were spiritually immortal as well as physically immortal. Now we are neither spiritually mortal or physically mortal. If your flesh body can never be destroyed, do you have to worry about spiritual immortality? No.

### Lucifer Interfered With God's Creation

The next quote from the secret doctrine tells us that Lucifer interfered with Gods creation. No one asked Lucifer to interfere; he chose to do that on his own. The new age religion Theosophy tells us that Lucifer interfered because he wanted man to become his own creator and an immortal god and we should know evil.

[secret doctrine volume 2](#)

243

For it is he who was the “ Harbinger of Light,” bright radiant Lucifer, who opened the eyes of the automaton created by Jehovah, as alleged ; and he who was the first to whisper : “ in the day ye eat thereof ye shall be as Elohim, knowing good and evil ” — can only be regarded in the light of a Saviour. page 246

But then **Theosophy teaches** that separation from the Primal Source having once occurred, Re-union can only be achieved by Will—Effort—which is **distinctly Satanic** in the sense of this essay.” It is “ Satanic ” from the standpoint of orthodox Romanism, for it is owing to the prototype of that which became in time the Christian Devil—to the Radiant Archangels, Dhyans-Chohans, who refused to create, because **they wanted Man to become his own creator and an im- mortal god**—that men can reach Nirvana and the haven of heavenly divine Peace.

*Theosophy Calls Lucifer's Interference a Sacrifice For The Benefit Of Humanity and Lucifer Is an Unfairly Maligned Angel*

The quote below is from the Lucis Trust website. It tells us that Lucifer is being unfairly maligned for causing humanity to become mortal and die. The doctrine of theosophy claims that what Lucifer and the fallen angels did was a sacrifice for the benefit of humanity. They call it a sacrifice because they claim Lucifer and the fallen angels had to incarnate and then die and reincarnate until they could become spirits again. They call it a benefit to mankind because now we can reincarnate too which means we can die now because of what they did.

Descent and Sacrifice

*Sarah McKechnie*

*Lucis Trust*

*Reprinted from The Beacon, September-October 1989*

The mystery of the descent or "fall" to Earth of the rebellious angels—the solar angels or agnishvattas—is said to be the mystery hinted at in the Scriptures, and "the secret of the ages" (Esoteric Psychology II, p. 93). Thus **it is not surprising that there is so much confusion and misunderstanding concerning the "fallen angels" of which Lucifer is the best known representative.**

**The role of the solar angels and their sacrifice on behalf of humanity is discussed at length in The Secret Doctrine by H.P. Blavatsky.** In fact, in 1887 the magazine of the **Theosophical Society** took "Lucifer" as its name in an effort to bring clarity to what it regarded as **an unfairly maligned sacrificing angel.**

They claim the reason Lucifer had to interfere is because Lucifer had to fix God's 'blunder'. The blunder was the creation of two sexes, male and female.

**If the unpleasant little incident that followed was and is still to be regarded as the “ original sin,” then it exhibits the Creator’s divine foresight in a poor light indeed.** It would have been far better for the first Adam (of chap 1.) to have been left either “ **male and female,**” or “ alone.” It is the **Lord God, evidently, who was the real**

**cause of all the mischief**, the “ agent provocateur,” and **the Serpent** — only a prototype of Azazel, “ **the scapegoat for the sin of (the God of) Israel**,” the poor Tragos **having to pay the penalty for his Master’s and Creator’s blunder**.

Theosophy even claims Lucifer is our savior for making us mortal and giving us death.

*Humans Became Mortal and Die Because Of Lucifer's Interference*

Theosophy admits that because of Lucifer interfering with God's creation, humanity became mortal and now we can die.

*Theosophy Teaches Lucifer Gave Us Spiritual Immortality Because Now We Can Reincarnate and Become Like Gods*

As we saw from the above quote, Theosophy teaches us that Lucifer gave us spiritual immortality. They claim that being physically immortal would make us wonder the Earth forever and we would never be able to reincarnate until we finally reach enlightenment. Theosophy teaches that because we are now mortal we can die and become part of the spiritual hierarchy if we earned enough good karma. Otherwise we have to try again. If you accumulated too much bad karma you may regress and become a cow or a leaf or even a rock.

Here is a quote from wikipedia that explains the concept of repeated reincarnation until you join the spiritual hierarchy.

<https://www.thepranichealers.com/pages/en/our-system/what-is-initiation>  
What is Initiation?

[thepranichealers.com](https://www.thepranichealers.com)

Initiation is **a concept in Theosophy** that there are **nine levels** of spiritual development that **beings who live on Earth can progress upward through**. Within these levels, there are four basic levels of spiritual development that **human beings on Earth progress through as they reincarnate**, although evil acts may cause **bad karma** which may cause one to temporarily regress. It is believed that when souls have advanced to the fourth level of initiation, they have reached enlightenment and have no further need to reincarnate. **At the fifth level of initiation and beyond, souls have the opportunity to become members of the Spiritual Hierarchy**. This concept was developed by both C. W. Leadbeater and **Alice A. Bailey** beginning in the 1920s.

Here is what Lucifer and the fallen angels communicated to Helena Blavatsky about reincarnation which she transcribed in the book The Secret Doctrine.

[secret doctrine volume 2](#)

*page 243*

**No spiritual and psychic evolution is possible on earth—the lowest and most material plane**—for one who on that plane, at all events, is inherently perfect and **cannot accumulate either merit or demerit**. Man remaining the pale shadow of the inert, immutable, and motionless perfection, the one negative and passive attribute of the real I am that I am, would have been doomed to pass through life on earth as in a heavy dreamless sleep ; **hence a failure on this plane**.

*We Already Had Spiritual Immortality and We Have the Ability to Create Life and Humanity Was Created In the Image of God*

We already had everything Lucifer claims he would give us. we were immortal physically and spiritually, we were created in the image of God and we could create life that was perfect so how was Lucifer supposed to make us 'like gods' by telling Adam and Eve they needed to know evil? You know evil; do you feel like a god?

Here is a quote from Almighty God, Creator of the Earth, Heaven, our universe and all that is in it. He tells us Adam and Eve had dominion over the whole Earth and even all life on Earth. Adam and Eve were meant to live forever and have children and replenish the Earth and create things. Adam and Eve knew God personally and could talk to Him face to face and evil didn't even exist. It was paradise. Lucifer took that away from us and he claims he is going to give us 'Nirvana'. All we have to do now is reincarnate without any bad karma so we don't regress into a leaf or a cow or a rock. And don't forget all the pain and suffering of the innocent animals. What about them? They didn't ask for the results of evil.

{1:26} **And God said, Let us make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth.** {1:27} So God created man in his [own] image, in the image of God created he him; male and female created he them.

{1:28} And God blessed them, and **God said unto them, Be fruitful, and multiply, and replenish the earth, and subdue it: and have dominion over the fish of the sea, and over the fowl of the air, and over every living thing that moveth upon the earth.**

{1:29} And **God said, Behold, I have given you every herb bearing seed, which [is] upon the face of all the earth, and every tree, in the which [is] the fruit of a tree yielding seed; to you it shall be for meat.**

{1:30} And to every beast of the earth, and to every fowl of the air, and to every thing that creepeth upon the earth, wherein [there is] life, [I have given] **every green herb for meat:** and it was so.

{1:31} **And God saw every thing that he had made, and, behold, [it was] very good.** And the evening and the morning were the sixth day.

### Lucifer and the Angels Incarnated and Eventually Formed A Spiritual Hierarchy

The doctrine of Theosophy teaches that Lucifer and the fallen angels had to become mortal and reincarnate until they could finally become part of the spiritual hierarchy. That is the great sacrifice they claim to have made. It is explained in the secret doctrine and shown in the quote below.

#### [Secret doctrine volume 2](#)

*page 246*

**the Secret Doctrine teaches that the Fire-Devas, the Rudras, and the Kumâras, the “ Virgin-Angels,”** (to whom Michael and Gabriel, the Archangels, both belong), the divine “ **Rebels** ”—called by the all-materializing and positive Jews, the **Nahash** or “ **Deprived** ”—**preferred the curse of incarnation and the long cycles of terrestrial existence and rebirths, to seeing the misery (even if uncon- scious) of the beings (evolved as shadows out of their Brethren) through the semi - passive energy of their too spiritual Creators.** If “ man’s uses of life should be such as neither to animalize nor to spiritualize, but to humanize Self,”\* before he can do so, he must be born human not angelic. **Hence, tradition shows the celestial Yogis offering themselves as voluntary victims in order to redeem Humanity—created god-like and perfect at first—and to endow him with human affections and aspirations. To do this they had to give up their natural status** and, descending on our globe, take up their

abode on it for the whole cycle of the Mahayuga, thus exchanging their impersonal individualities for individual personalities—**the bliss of sidereal existence for the curse of terrestrial life. This voluntary sacrifice of the Fiery Angels, whose nature was Knowledge and Love, was construed by the exoteric theologies into a statement that shows “ the rebel angels hurled down from heaven into the darkness of Hell ”—our Earth.** Hindu philosophy hints at the truth by teaching that the Asuras hurled down by Siva, are only in an intermediate state in which they prepare for higher degrees of purification and redemption from their

From the Lucis Trust website we can see theosophy teaches that Lucifer and the fallen angels finally formed a spiritual hierarchy. The quote below is from one of their web pages that describe the spiritual hierarchy and it tells us they overcame normal human existence through rebirths.

In ageless wisdom teachings we're told that the Masters have been described as the "rare efflorescence of a generation of enquirers." They work primarily behind the scenes, protected in the remote areas of Earth, and it is futile, therefore, to seek them out upon the physical plane. They are individuals of extraordinary capacities. **Through the repeated experience of life in form, under the Law of Rebirth, they eventually achieved self-mastery and freed themselves from the confines of normal human existence and entered into a higher state of consciousness.** Because of their relative freedom they possess a tremendous ability to wield spiritual energy -- thus their power to serve, to love and to heal.

### The Hierarchy Have Been Guiding Our Planet Since They Were Created

Theosophy teaches that the spiritual hierarchy has been in control of human destiny since the fall of mankind. They claim in their writings that they respect our right to free will and that they simply try to influence us to do better but we can see from the quotes below that they are the ones who direct and control the human race. They are involved in every aspect of life on Earth. They claim to be more practical, efficient, potent and powerful than any business or leader on Earth.

[https://www.lucistrust.org/resources/articles/the\\_hierarchy\\_light](https://www.lucistrust.org/resources/articles/the_hierarchy_light)  
[The Hierarchy of Light \(Lucis Trust\)](#)

**Throughout time, the idea of a group of wise and enlightened beings working behind the scenes to guide our planet** has been conveyed in spiritual teachings, in literature and myth. This group, known by various names such as the **spiritual Hierarchy**, the **Masters** of the Wisdom, and the Elder Brothers has ever come forth in times of crisis and today will be no different. Great teachers such as Socrates, Shri Krishna, Mohammed, the Buddha and the Christ have all been members of the **Hierarchy**.

[https://www.lucistrust.org/resources/articles/the\\_hierarchy\\_light](https://www.lucistrust.org/resources/articles/the_hierarchy_light)  
[The Hierarchy of Light \(Lucis Trust\)](#)

**The Hierarchy** works ceaselessly and could be compared to a great army **working for world upliftment**. They are the **inspiration for the major changes being**

**implemented in the world** yet they take no credit for the work that they do. Through the process of **spiritual impression they influence those leaders and progressive thinkers** whose minds and hearts are receptive to the new and forward looking, incoming ideas. **Their work extends to all aspects of our planetary life -- politics, education, religion, art, science, psychology and economics.**

The Masters work with deliberation, free from any sense of speed, toward their objectives but they do have a time limit based on the law of cycles. There are periods of major opportunity of which the Hierarchy takes advantage and this present period is one of major opportunity. In the coming decades members of **the Hierarchy will begin the process of externalisation, moving outward onto the physical plane. They will again walk among humanity to help usher in the new age and prepare human consciousness for the reappearance of the World Teacher.**

**The Masters of the Wisdom are far more practical and realistic than the most efficient big business executives in our modern world. They are far more potent in affecting world events than are the most powerful leaders of any nation or government in the world. They make a constant study of human affairs, watching human trends and human planning for world betterment.**

**Hierarchical work is so quietly and smoothly developed and so effectively expressive of expanding human consciousness, that when it is well advanced it appears quite natural and reasonable. In the early stages, however, generally it is radical and even revolutionary and often meets determined opposition. Because hierarchical work is always in advance of human consciousness and is seeking to lead the entire human family forward, it is always pioneering.** Accepted disciples, therefore, working consciously at **the Plan** are spiritual pioneers and must have the courage that goes with that position, and must have the perseverance which is required to produce fundamental changes.

**All works according to the Plan under the guidance of the Spiritual Hierarchy**

*The Christ Is the Head of the Hierarchy*

We can see from the quote below from one of Alice A. Bailey's books that the Christ is the leader of the hierarchy. They are not talking about the Jesus Christ from the original text of the Bible.

[https://www.lucistrust.org/resources/the\\_christ](https://www.lucistrust.org/resources/the_christ)

[The Christ \(Lucis Trust\)](#)

**The Christ has been for two thousand years the supreme Head of the Church Invisible, the Spiritual Hierarchy,** composed of disciples of all faiths. He recognises and loves those who are not Christian but who retain their allegiance to Their Founders—the Buddha, Mohammed and others. He cares not what the faith is if the objective is love of God and of humanity. **If men look for the Christ Who left His disciples centuries ago, they will fail to recognise the Christ Who is in process of returning.** The Christ has no religious barriers in His consciousness. It matters not to Him of what faith a man may call himself.

*The Christ Is The Supervisor Of The N.W.O.*

The next quote from Alice A. Bailey, from a different book, tells us that the Christ will also be the supervisor of the N.W.O. when he returns.

This today is creatively endeavoring to bring **in the new world order, the order of the Kingdom of God under the physical supervision of the Christ.** This might be regarded as the externalization of the spiritual Hierarchy of our planet. Of this, the return of the Christ to visible activity will be the sign and the symbol.

The Christ, the Master of the Masters and the Instructor of the Angels, is the World teacher. He is known by other names in other religions, such as the Imam Mahdi, Maitreya, and the Kalki Avatar. He is in process of returning.

**The Christ is** the World Teacher and **not a Christian teacher.** He Himself told us that He had other folds and to them He has meant as much as He has meant to the orthodox Christian. They may not call Him Christ, but they have their own name for Him and follow Him as truly and faithfully as their Western counterparts.

The Hierarchy Has A Plan And World Leaders And Many Others Are Following That Plan To Complete The N.W.O.

The quote below from the Lucis Trust website tells us there is a 'Plan' that the spiritual hierarchy is following. The quote also tells us that humans here on Earth are following that plan. They are the 'transmitters of the Plan' we are told. The humans are also organized in a hierarchical structure just as Lucifer and the fallen angels are.

[https://www.lucistrust.org/resources/articles/work\\_of\\_the\\_hierarchy\\_the\\_work\\_of\\_the\\_heirarchy](https://www.lucistrust.org/resources/articles/work_of_the_hierarchy_the_work_of_the_heirarchy)

**The Hierarchy works through its disciples and co-workers in all countries,** and never before have there been so many endeavouring to fit themselves for this function in the world as **“Transmitters of the Plan,”** and never before has there existed such a strong inner integrity and subjective relation between workers in all fields in all parts of the world. **For the first time in history there is a coherent world group for the Masters to work through.** But, the need for trained workers was never greater nor so widespread nor so urgent as now.

**When the hierarchical worker is an advanced worker, he or she is aware of the source of guidance and co-operates consciously with the plans of the Hierarchy. Such workers gather around them lesser disciples who will work along the same lines,** through community of interest and humanitarian conviction. They may be quite unconscious of any hierarchical guidance or spiritual objective, except the recognition that they love their fellow men, and this love conditions all they do and motivates their every effort. From the standpoint of the Master, **they can be reached, impressed, and directed; and most definitely they are so reached.**

Here is a news article that shows us an annual meeting of the high level N.W.O. members called the world government summit. At their summit in 2022 they asked the question: 'are we ready for a new world order?' because in 2022 their N.W.O. was essentially and officially completed. All they have to do now is eliminate their opposition. The quote is also particularly revealing because it gives us the names of several N.W.O. members and organizations.

In Alice Bailey's writings **the Hierarchy**, is presented as one great community of consciousness. It **is said** to be immersed in a quest to understand the mysteries of Divine Purpose, and **to hold** that evolving understanding before humanity as a living reservoir of intelligent love - **the Divine Plan**. The working out of the universal ideas of **the Plan takes place as humanity responds to higher impressions** of the wholeness and sacredness of life and strives to intelligently embody these insights in all areas of thought, activity and relationship (economic, political, educational, legal, psychological, religious and so on).

There is **today a growing intuitive response to the ideas and principles of the Plan** as this living, universal field of ideas and principles. At the same time there is a natural awakening of the will to serve this vision and to take part in the Great Work of building, through time, a civilisation of wholeness and right relations. **The articles below explore a number of insights about the Plan – directly quoted from Alice Bailey or adapted.**

*The N.W.O. Plan Tells Us the World and Humanity Will Be Badly Shattered By A Destructive Crisis*

this quote from one of Alice A. Baileys books tells us about the steps in the Plan to build the N.W.O. notice how they want to disarm the world in step 9 and it will 'not be optional'. Also, step 2 tells us that the world will have passed through a 'destructive crisis' and 'humanity which is badly shattered by the experience'.

[The Externalization Of The Hierarchy](#)

[Page 101](#)

**Steps Towards the New World Order**... ..Certain immediate possibilities and attainable objectives can, however, be worked out, given a definite

Page 102

will-to-good and patience on the part of humanity. Certain major and spiritual premises should lie back of all **efforts to formulate the new world order**. Let me state some of them:

1. The **new world order** must meet the immediate need and not be an attempt to satisfy some distant, idealistic vision.

2. The **new world order** must be appropriate to a world which has passed through a **destructive crisis** and to a **humanity which is badly shattered by the experience**.

... ..

9. In the preparatory period for the **new world order** there will be a steady and regulated **disarmament**. It will not be optional. No nation will be permitted to produce and organise any equipment for destructive purposes or to infringe the security of any other nation. One of the first tasks of any future peace conference will be to regulate this matter and gradually see to the **disarming of the nations**.

These are the simple and general premises upon which the **new world order** must begin its work. These preliminary stages must be kept fluid and experimental; the

vision of possibility must never be lost, and the foundations must be preserved inviolate, but the intermediate processes and the experimentations

Page 103

must be carried forward by men who, having the best interests of the whole at heart, can change the detail of organisation whilst preserving the life of the organism.

### **6000 Years Later the N.W.O. Are Still Telling Us We Will Be Like God**

According to the timeline of history given to us in the original text Holy Bible, it has been 6000 years since the fall of man when Lucifer interfered with God's creation. It has been far longer than that if you accept the timeline given by Theosophy. Either way, it's been a long time since Lucifer said: 'for God doth know that in the day ye eat thereof, then your eyes shall be opened, and ye shall be as gods, knowing good and evil.'

### **Yuval Noah Harari Tells Us Humanity Will End When We Become Gods**

We already saw in the above topic that humans were created in the image of God and had dominion over the whole Earth and we were immortal and the animals were also immortal. And we were all vegans so no animals were killed and eaten. It was perfect. But here we are 6000 years later and Lucifer and his N.W.O. members are telling us we can become gods. In the quote below Yuval Noah Harari tells us human history will end when we become gods. Also note how Yuval Noah Harari tells us that we are also acquiring the ability to create life even though we always had that ability and we still do. It happens every day when people have children.

Yuval Noah Harari: Like every major invention, it has both a good and bad potential. But the scale is completely different. **I titled the book Homo Deus because we really are becoming gods in the most literal sense possible. We are acquiring abilities that have always been thought to be divine abilities — in particular, the ability to create life.** And we can do with that whatever we want.

**Human history began when men created gods. It will end when men become gods.**

### **Yuval Noah Harari Tells Us We Have To Accept The N.W.O. Because We Are Becoming Gods**

Yuval Noah Harari tells us that we have to accept the N.W.O. to 'survive and flourish in the 21st century' because of 'our new god-like powers'. He tells us in the quote below where he says we need have global community, ecology, economy, science and politics. Harari tells us that nationalism is not good and globalism is good. He is repeating the same story that the N.W.O. always tell us: individual self governed nations

are not good and all the nations have to be under the control of one global leader. Of course that leader will be the Christ of the N.W.O.

So **we are in the process of becoming gods and the big question that faces us is what to do with our new god-like powers.** We need ethical guidelines and goals and **nationalism cannot provide us with the necessary guidelines and goals.**

Nationalism thinks on the level of territorial conflicts.

**In order to survive and flourish in the 21st century,** humankind must complement national loyalties with a **loyalty towards a global community.** We are already living in a global world, we have a **global ecology,** we have a **global economy** and we have **global science,** but we still have only **nationalist politics.** This mismatch prevents the political system from countering our main problems. To have effective politics, we need to do either of two things: either we de-globalise the ecology, the economy, the science and make them local; or we globalise our politics. Now it is obviously impossible to de-globalise ecology and the march of science and it will be extremely costly to de-globalise the economy. Therefore, **the only real solution is to globalise our politics.**

Lucifer and the Fallen Angels Want To Completely Replace Humanity with What They Claim They Were Trying To Stop God from Creating: Automatons with No Free Will

What Lucifer and the fallen angels are doing to humanity is the opposite of what they claim they are doing. They are not trying to make us gods or give us nirvana and right human relations or peace on Earth. We already had all of that. We still do have the ability to create peace and prosperity on Earth but the N.W.O. are blocking us from having peace and prosperity.

The quote below shows us that theosophy and Lucifer are hypocrites because Lucifer and the fallen angels are creating exactly what they claimed they 'saved' us from. Harari tells us 'Earth will be dominated by entities that are super intelligent but completely non-conscious: computer programs that have no minds, no feelings, and no emotions'. In the earlier topic we saw that the reason Lucifer interfered with God's creation was because they couldn't stand to see 'the misery (even if uncon- scious)' of the immortal Adam and Eve living in paradise on Earth. Lucifer said they were 'automatons' or robots. But what is a robot? It is an inorganic object with artificial 'intelligence' that has no emotions or feelings or empathy which is exactly what they have created and what they want to replace humanity with. They are hypocrites.

**Another global problem created by the new technologies** might be the development of **autonomous** weapon systems, **killer robots**. This is one of the most dangerous technological developments but again **no nation can prevent this from happening by itself**, because no nation has a monopoly over science and technology.

For four billion years, nothing fundamental changed in the basic rules of life. It didn't matter if you were an amoeba or a dinosaur, a banana plant or Homo sapiens, you were made of organic compounds and you evolved by natural selection. In the coming decades, this is going to change. Science is about to replace natural selection with intelligent design as the chief mortar of evolution. **Not the intelligent design of some god above the clouds, but the intelligent design of our clouds—the IBM cloud, the Google cloud.**

We are about to create the first inorganic life forms after four billion years of evolution. In the process, Homo sapiens are likely to disappear. Not because we will destroy ourselves, but because we will change and upgrade ourselves into something very different. The combination of AI and bioengineering will create completely new bodily and physical and mental traits. Consciousness itself might be disconnected from any organic structure; or alternatively, **we might see the decoupling of intelligence from consciousness**. And **earth will be dominated by entities that are super intelligent but completely non-conscious: computer programmes that have no minds, no feelings, and no emotions.**

**The N.W.O. Want to Upload Their Minds into Computers So They Can Live Forever Because They Rejected God and Will Not Be Restored To Immortality**

The N.W.O. cannot become gods or make us gods. They cannot give us immortality. They are desperately trying to defeat the true God who created us and the universe and everything in it. In the quote below we see that they want to upload human minds into computers in an attempt to live forever without God.

**Through ongoing advances in artificial intelligence a vast, post-human mind could come into being that would attach no importance to human survival or the values that make our lives worth living.** In Homo Deus Harari spells out what this shift to a post-human future means. "[M]ore and more individuals, organisations, corporations and governments are taking very seriously **the quest for immortality**, happiness and godlike powers . . . This is not what most people will do in the 21st century. It is what humanity as a collective will do." Homo sapiens is transforming itself into a divine being.

The appeal of **the new religion** isn't exclusively intellectual. **It offers its followers ever longer life and eventually immortality**, as **the human mind detaches itself from its fleshly shell and is uploaded into cyberspace**. Like Christianity, Dataism could attain "enormous popularity and power".

What did he say? "I think it is likely in the next 200 years or so homo sapiens will upgrade themselves into some idea of a divine being, either through biological manipulation or genetic engineering or by **the creation of cyborgs**, part-organic part non-organic."

Far from guaranteed, I should think. And how will technology accomplish this? Well, you could have intelligent nanobots injected into your blood to rejuvenate your cells and repair any damage. You could implant a computer and various utensils into your body, giving you superhuman powers. **Or you could just simply upload your mind into a computer so you could exist anywhere and experience anything.**

What's amortal? It means, theoretically, **you could live for ever, as long as someone doesn't get annoyed and smash you up.**

### **The Battle Line of the Infowar Is Lucifer Vs God**

You can never find the truth if you keep accepting the lies of one party involved in a conflict. To find the truth you have to identify the lies and reject them until you are left with only facts. If you don't reject the lies you will be forever confused and lost by trying to make sense of something that makes no sense because it is a lie.

The topic of what is truth and what are lies regarding Lucifer and God is a large complex topic but it is not impossible to understand. This section of Operation Icebreaker will only introduce the concepts and important points concerning the battle line of the infowar and the world religions.

We can see very clearly and definitively, by one of the sources of theosophy itself, that theosophy departs from science and is based on beliefs and not on verifiable, unequivocal facts. The original text Bible is factual and authoritative and what it tells us can be proven using science and history.

#### **The Secret Doctrine**

*Page 480*

It has also to be shown how far the **occult teachings depart from real science**, and whether the ancient or the modern theories are the most logically and philosophically correct.

**Theosophy**

Scholars of religion who have studied Theosophy have characterized it as a religion. In his history of the Theosophical movement, Bruce F. Campbell noted that Theosophy promoted "a religious world-view" using "explicitly religious terms" and that **its central tenets are not unequivocal fact, but rather rely on belief**. Olav Hammer and Mikael Rothstein termed it "one of the modern world's most important religious traditions". Various scholars have pointed to its eclectic nature; Joscelyn Godwin

described it as a "universally eclectic religious movement", while scholar J. Jeffrey Franklin characterized Theosophy as a "hybrid religion" for its syncretic combination of elements from various other sources. More specifically, Theosophy has been categorized as a new religious movement.

Lucifer and the Spiritual Hierarchy Claim All the Religions as Theirs Except For  
Christianity from the Original Text Holy Bible

In the previous section we saw that it was Lucifer who interfered with God's creation. Without going in depth into the religious topics we can easily see that the conflict is between Lucifer and Jehovah (God). Jehovah is the name of God from the Bible Who created the universe and all things in it, He is also known as Yahweh. The quotes below tell us that God is on one side and He is the 'adversary' of 'all the other gods' and Lucifer is the 'adversary' of God (Jehovah). So from theosophy itself we can see line of division between Jehovah (God) on one side and Lucifer and all other gods (who are false) on the other side. God also tells us in the Bible that He is the only God and no other is God. Everyone agrees that the line of division for all the religions is between the Holy Trinity of the original text Holy Bible and Lucifer. Therefore, if you are not following the original text Holy Bible, you are following Lucifer.

The appellation Sa'tan, in Hebrew sâtân, " an **adversary** " (from the verb shatana, " to be adverse," to persecute) belongs by right to the first and cruellest " **adversary of all the other gods** " — **Jehovah**, not to the Serpent, which spoke only words of sympathy and wisdom, and is at the worst, even in the dogma, " the adversary of men." This dogma, based as it is on chapter iii. of **Genesis**, is as illogical and unjust as it is paradoxical. For who was the first to create that original and henceforward universal tempter of man — the woman ? **Not the serpent surely, but the " Lord God " himself**, who, saying : — " It is not good that the man should be alone " — made woman, and " brought her unto the man " (18-22).

*page 243*

For it is he who was the " Harbinger of Light," bright radiant **Lucifer**, who opened the eyes of the automaton created by **Jehovah**, as alleged ; and he who was the first to whisper : " in the day ye eat thereof ye shall be as Elohim, knowing good and evil " — can only be regarded in the light of a Saviour. An " **adversary** " to **Jehovah** the " personating spirit," he still remains in esoteric truth the ever-loving " Messenger " (the angel), the Seraphim and Cherubim who both knew well, and loved still more, and who conferred on us spiritual, instead of physical immortality — the latter a kind of static immortality that would have transformed man into an undying " Wandering Jew."

The religious groups are divided by the battle line between Lucifer and God. All religious groups are on the side of Lucifer to some degree whether they know it or not except for one: The Seventh Day Adventist Church.

The Seventh Day Adventist Church uses the original text Bible alone and nothing else as its source of authority from God. They don't practice any traditions that come from one of Lucifer's old religious deceptions from the past such as Sunday Sabbath. They are also opposed to any changes to the original text. The Seventh day Adventist church is also identified by God's prophecy in the original text Bible as His end time church. That doesn't mean seventh day Adventists are perfect people. They are just mortal humans like everyone else. God also tells us that the seventh day Adventist church needs "eye solve" which means the people in that church don't clearly see something and it must be something important for God to write it in His prophecy. It would seem that the SDA church has not clearly identified Lucifer's N.W.O. Just as many of the world's nations and citizens are deceived, the members of the SDA church are deceived by our leaders. The good nature and trusting nature of the people of the world is being exploited and used against them.

But what happens when two different groups of Christians only use the original text Bible and they have different beliefs about what the Bible tells us? The answer will come from the Bible in that case as well because the Bible leaves no room for misinterpretation. It is the most complex piece of literature ever written and one reason it is so complex is so that it will not leave room for misinterpretation. If you change something by accident or purposefully it will eventually become obvious because other parts of the Bible will not be harmonious with changes of the text or incorrect explanations of the text. If you are unsure about one part of the Bible you can find confirmation in another part of the Bible because topics are repeated in different ways to confirm and corroborate each other.

### The Catholic Church Is Not a Christian Institution and It Never Was

At least three popes have called for a new world order, they are, pope John Paul II, Pope Francis and Pope Benedict.

God calls the Catholic Church the whore of Babylon. The symbol of the whore is used because the church is unfaithful to God. The symbol of Babylon is used because the catholic religion is the Babylonian mystery religion which is the same as the occult doctrine of theosophy. They all have the same origin. The Catholic Church did not begin as God's church, it was created by Lucifer.

The word 'catholic' means 'universal' so the Catholic Church calls themselves the 'universal church'. Alice A. Bailey tells us that there is no difference between the universal church and the esoteric teachings of theosophy. In the book of Revelation God tells us that the Pope was and is involved in the occult societies.

In the esoteric group, which is composed of the **true spiritual esotericists found in all exoteric occult groups, in the church**, by whatever name it may be called, and in Masonry you have the three paths leading to initiation. As yet they are not used, and one of the things that will eventuate—**when the new universal religion has sway** and the nature of esotericism is understood—will be the utilisation of the banded esoteric organisms, the Masonic organism and the Church organism as initiating centres. These three groups converge as their inner sanctuaries are approached. **There is no dissociation between the One Universal Church, the sacred inner Lodge of all true Masons, and the innermost circles of the esoteric societies.** Three types of men have their need met, three major rays are expressed, and the three paths to the Master are trodden, leading all three to the same portal and the same Hierophant.

The Catholic Church Tells Us They Are Above the Bible

Any organization that claims to be the representative of God from the Holy Bible must know that they are not a higher authority than the Bible. In the quote below the Catholic Church tells us in no uncertain terms they are above the authority of the Bible. The following quotes will reveal more.

<https://www.lavistachurchofchrist.org/cms/did-you-know-the-roman-catholics-changed-worship-from-the-sabbath-to-sunday/>

Did you know the Roman Catholics changed worship from the Sabbath to Sunday?

"Sunday is our mark of authority...**The church is above the Bible**, and this observance is proof of that fact."

- Catholic Record, Volume XLV, [No.] 2342 September 1, 1923. page 4.

## They Changed the Bible and God's Law

The Catholic Church tells us the pope can modify divine law and change the Bible. They also have their own approved version of the Bible and it is not the original text.

**The Pope is of so great authority and power that he can modify**, explain, or interpret even **divine law**". **The pope can modify divine law**, since his power is not of man, but of God, and he acts a vicegerent of God upon earth.

—Lucius Ferraris, *Prompta Bibliotheca*, art. Papa, II, Vol. VI, p. 29.

## They Changed God's Sabbath Day

Here is an example of just one very important law from the Bible that the Catholic Church changed. It is the Sabbath law. They changed it from the seventh day of the week to the first day of the week. They did not change the law because God told them to change it. So why did they change it? They tell us they changed the law because of their own 'power'. They also list other reasons from the original text Bible which they list as reasons for choosing Sunday as their day of worship.

Perhaps the boldest thing, the most revolutionary change the Church ever did, happened in the first century. The holy day, the **Sabbath, was changed from Saturday to Sunday**. "The Day of the Lord" (dies Dominica) was chosen, **not from any directions noted in the Scriptures, but from the Church's sense of its own power**. The day of resurrection, the day of Pentecost, fifty days later, came on the first day of the week. So this would be the new Sabbath. People who think that the Scriptures should be the sole authority, should logically become **7th Day Adventists**, and keep Saturday holy.

—Sentinel, Pastor's page, Saint Catherine Catholic Church, Algonac, Michigan, May 21, 1995

## They Changed the Sabbath Day Because Of an Ancient Tradition

The original text Bible tells us explicitly not to change anything written in it and the Catholic Church knows that. So what is really so important about the first day of the week which is Sunday? They chose Sunday because of an ancient tradition and not because of anything found in the Bible.

*book 5 chapter 22 NPNP 2nd series Volume 2 page 132*

For although almost all churches throughout the world celebrate the **sacred mysteries** on the sabbath of every week, yet the **Christians of Alexandria and at Rome, on account of some ancient tradition**, have ceased to do this.

## The Ancient Tradition Is Worship of the Sun God Balder

They catholic church chose Sunday as their day of worship of God because it is the day the sun god Balder is worshiped. It is an old religion created by Lucifer.

**The Sun was a foremost god** with heathen-dom...**The sun has worshippers at this hour in Persia** and other lands.... There is, in truth, something royal, kingly about the sun, making it **a fit emblem of Jesus**, the **Sun** of Justice. Hence the church in these countries would seem to have said, to 'Keep that **old pagan** name [Sunday]. It shall remain consecrated, sanctified.' **And thus the pagan Sunday, dedicated to Balder, became the Christian Sunday, sacred to Jesus.**

—William Gildea, Doctor of Divinity, The Catholic World, March, 1894, p. 809

## The Catholic Church Pays Homage to the Sun God Balder By Recognizing His Holy Day

Recognizing God's holy day is paying homage to God. There are other important reasons for the Sabbath day but this sub-topic explains the authority aspect of the Sabbath day.

In the quote below the Catholic Church tells us that other churches who worship on Sunday are under the authority of the Catholic Church even if they don't know it. So by their own admission, the Catholic Church is paying homage to the sun god Balder and they know it. They purposely chose not to pay homage to God from the original text Bible and instead placed themselves under the authority of Lucifer who created sun worship.

The **observance of Sunday by the Protestants is homage they pay**, in spite of themselves, **to the authority of the [Catholic] Church.**

—Monsignor Louis Segur, 'Plain Talk about the Protestantism of Today', p. 213.

## Seventh Day Adventist Church Pays Homage to God of the Original Text Bible

The Catholic Church tells us that the seventh day Adventist church pays homage to God of the original text Bible, shown in the quote below so they are on the side of the God from the original text Bible.

People who think that the Scriptures should be the sole authority, should logically become 7th Day Adventists, and keep Saturday holy.

—Sentinel, Pastor's page, Saint Catherine Catholic Church, Algonac, Michigan, May 21, 1995

The [Roman Catholic] Church changed the observance of the Sabbath to Sunday by right of the divine, infallible authority given to her by her founder, Jesus Christ. The Protestant **claiming the Bible to be the only guide of faith, has no warrant for observing Sunday. In this matter the Seventh-day Adventist is the only consistent Protestant.**

—The Catholic Universe Bulletin, August 14, 1942, p. 4.

## Catholic Church Rejects God and the Bible

This quote tells us that tradition, not scripture, is what the Catholic Church is based on.

**Tradition, not Scripture**, is the rock on which the church of Jesus Christ is built.  
—Adrien Nampon, Catholic Doctrine as Defined by the Council of Trent, p. 157

From the above quotes we can see that the Catholic Church rejects God and the Bible. They believe in their own authority. God tells us in the original text that traditions are not His laws or His Church. The Catholic Church is not a Christian church.

### The Holy Bible, The Book of Mathew

{15:3} But he answered and said unto them, **Why do ye also transgress the commandment of God by your tradition?**  
{15:4} For God commanded, saying, Honour thy father and mother: and, He that curseth father or mother, let him die the death.  
{15:5} But ye say, Whosoever shall say to [his] father or [his] mother, [It is] a gift, by whatsoever thou mightest be profited by me;  
{15:6} And honour not his father or his mother, [he shall be free.] **Thus have ye made the commandment of God of none effect by your tradition.**  
{15:7} [Ye] hypocrites, well did Esaias prophesy of you, saying,  
{15:8} This people draweth nigh unto me with their mouth, and honoureth me with [their] lips; **but their heart is far from me.**  
{15:9} **But in vain they do worship me, teaching [for] doctrines the commandments of men.**

### The Holy Bible, The Gospel of Saint Mark

{7:9} And he said unto them, **Full well ye reject the commandment of God, that ye may keep your own tradition.**  
{7:10} For Moses said, Honour thy father and thy mother; and, Whoso curseth father or mother, let him die the death:  
{7:11} But ye say, If a man shall say to his father or mother, [It is] Corban, that is to say, a gift, by whatsoever thou mightest be profited by me; [he shall be free. ]  
{7:12} And ye suffer him no more to do ought for his father or his mother;  
{7:13} **Making the word of God of none effect through your tradition,** which ye have delivered: and many such like things do ye.

### The Remainder of the Christian Groups

What about the remainder of the Christian groups other than seventh day Adventists? Who do they pay homage to? If they worship on any day other than the seventh day or they don't keep the original text Bible as their authority, they are not paying homage to God who created humanity. And the same applies to any religion. The battle line in the infowar is between Lucifer and God of the original text Bible.

**The Sabbath was Saturday, not Sunday.** The Church altered the observance of the Sabbath to the observance of Sunday. Protestants must be rather puzzled by the keeping of Sunday when **God distinctly said, 'Keep holy the Sabbath Day.'** The word

Sunday does not come anywhere in the Bible, so, **without knowing it they are obeying the authority of the Catholic Church.**

—Canon Cafferata, *The Catechism Explained*, p. 89.

The **observance of Sunday by the Protestants is homage they pay**, in spite of themselves, **to the authority of the [Catholic] Church.**

—Monsignor Louis Segur, 'Plain Talk about the Protestantism of Today', p. 213.

### Antichrist

Next we see that pope John Paul II literally told us, in the year 1994, that he 'takes the place' of Jesus Christ. The word antichrist means 'in the place of Christ'. So the pope is telling us that he is the antichrist. This is just one quote from the pope himself. There are thirteen criteria that show the pope is the antichrist spoken of in the Bible. There is a prophecy that spans thousands of years that tells us it is exactly the pope who is the antichrist. And it's not just Pope John Paul II, it's every pope. Whoever the current pope is that is taking the place of Jesus Christ here on Earth, he is the antichrist.

The leader of the Catholic church is defined by the faith as the Vicar of Jesus Christ (and is accepted as such by believers). **The Pope is considered the man on earth who "takes the place" of the Second Person of the omnipotent God of the Trinity.**

—John Paul II, *Crossing the Threshold of Hope*, p. 3, 1994

### Life Is A Choice Not A Test What Side Of The Battle Line Are You On?

Are you not a seventh day Adventist? Don't worry. If you choose God you will follow Him where ever He goes and you will obey His commandments. If you choose Lucifer or one of Lucifer's many religious systems then you will obey Lucifer. The choice is yours to make. That is the very choice God gave Adam and Eve. He told them they could choose to obey Him or to disobey Him. The indication of their choice was to eat the forbidden fruit or not to eat the forbidden fruit. How else do you give someone who has no knowledge of evil a choice between knowing and not knowing evil without tainting them with evil? You give them an indicator that represents their choice. All you have to do at this point in time is choose to accept God or reject Him because you already have knowledge of evil.

The choice you make between Lucifer and God is the most important choice of your life. It will determine if you are restored to immortality to live forever in paradise or if you are destroyed permanently from existence. If you reject God from the original text Bible, you will be destroyed permanently after you die. God said there is enough room in heaven for every life ever conceived. God does not want to loose a single one of His children.

### What If You Don't Know How Or Who To Choose?

If you don't know how to choose or who to choose just talk to Jesus silently in your mind and ask for help. Be patient and wait. We are cut off from God by our evil state of being. Evil is destroyed by the presence of God so He keeps us away from Him. God can hear your thoughts. God knew you before you were born. Lucifer is just a created being who cannot hear your thoughts. Talk to Jesus in your mind and be patient. You are His lost child, call out to Him. If you speak out loud it is possible, but not guaranteed, that Lucifer and the fallen angels will hear you and try to deceive you.

If you are not a religious person you don't have to worry. The solutions for world peace and prosperity are not dependant on religion

### **How Lucifer and the Fallen Angels Built Their New World Order**

#### They Began In 1588

To fully understand the N.W.O. and it's beginning you need a greater background in religious study than is presented here in Operation Icebreaker. The important point to understand in this topic is the N.W.O. began in 1588.

Lucifer and the fallen angels have had several attempts at conquering God's creation and they have had success and failure. The most recent major failure that caused them to reorganize and create a new plan happened in 1588 when the Spanish armada was defeated. When the Spanish armada was destroyed, the balance of naval power shifted dramatically against Lucifer and the fallen angels and their human co-conspirators. They could not complete their plan under those circumstances so they made a new plan to build what they call a New World Order.

#### They Organized Their Group of Human Conspirators

Lucifer and the fallen angels have been conspiring with humans since the time of Adam and Eve. In the year 1588 they already had many humans working with them. They had to reorganize their human followers according to their new plan for building the N.W.O. New members were added and some old members were not needed anymore.

#### The Conspirators Perpetrated Fraud and Coercion against Humanity

Lucifer and the fallen angels created a complex strategy to build their N.W.O. but essentially they are using fraud and coercion to take over humanity. Their fraud includes religious as well as criminal aspects.

The members of the N.W.O. pervert truth and use force to make us accept their goals. They say they are following the will of god and the Divine Plan but it's simply them killing, stealing and destroying while they build their N.W.O. technocracy.

### Religious Components of Their Fraud and Coercion

Lucifer and the fallen angels have created a false religion called theosophy that they use to justify their activities in taking over the world. It is not the story from the original text Bible.

They have several religious deceptions that they use to justify their fraud and coercion. They say they are giving us spiritual immortality but we have to die to get it because we need to reincarnate into a higher form. That is false. They also misrepresent Jesus and the Holy Bible. There are many deceptions that are taught in theosophy.

#### *The Concept of Ray Energy Causing Dictators and Wars*

There is one religious deception in particular that the N.W.O. uses which is the concept of ray energy. This deception allows the N.W.O. to set up and control both sides of a conflict so their planned outcome is guaranteed. The N.W.O. place the responsibility and blame for the destruction they cause on imaginary rays and their effects on people. They say it is the fault of those people who received the energy from the rays and used that energy for evil which resulted in dictators and world wars. But it is simply the members of the N.W.O. who are playing the role of those dictators who are the cause for those wars.

After the conflicts created by the dictators come to an end, the N.W.O. pretend to be the people who saved us from the evil dictators. Then they tell us that we have to change our lifestyle and allow them to have more control over the world or else another conflict will happen. After centuries of conflicts and staged disasters the N.W.O. have taken complete control of our world.

The following topics and quotes will explain the process using their own words.

### *Blame It on the Ray*

Theosophy teaches that there are several different rays that cause various effects which drive the steps of the N.W.O. divine plan forward. The N.W.O. blame their fraudulent rays for all the death and destruction they caused with their crimes against humanity.

### *There Is No Proof of These Rays Existing*

There is no proof of these rays existing so why bother trying to understand their reasoning? It's fiction. It is a deception they use to facilitate their crimes.

The N.W.O. tell us that the human mind can't possibly understand the rays fully. They are telling us that whatever proof they claim there is, you or anyone else could never understand it so just trust them when they tell you about the rays.

The cosmology of the Ageless Wiscom gives an explanation of the seven rays so profound, so occult that it's **beyond the grasp of the human mind**, but to summarise and thereby grossly simplify it: As part of the initial Plan, the one Life sought expansion.

### Criminal Components of Their Fraud and Coercion

The N.W.O. tell us that their fraudulent ray energy is causing 'harmony through conflict' but it's really just the members of the N.W.O. creating conflict to coerce humanity as we will see in the following topics.

In the quote below the N.W.O. explain in general terms their method of fraud and coercion. They use vague language to describe what they are doing. When they talk about destruction of old forms they mean anything that opposes the N.W.O. forms can be humans, institutions, ideas, religions or anything at all. After they have destroyed anything that opposes them they tell us that more rays produce a new rhythm of life upon mankind that replaces the old lifestyle. That new rhythm of lifestyle they are talking about is their New World Order.

It is interesting to note that **the fourth Ray of Harmony through Conflict** which before long will come into power again, is to be prominent in the destinies of India, Germany, Italy, Austria and Brazil. **It is for this that there is so much preparatory turmoil in four of these countries.** The sixth Ray of Idealism is potent in Russia, the United States, Italy and Spain. It is the fanatical adherence to an ideal which is responsible for the potent changes in these four countries. **In Germany and Italy the harmonising of the fourth ray, working through conflict, is also to be seen.** Hence **we have in all these countries a process of "breaking-down" and of destruction of old forms prior to an adequate responsiveness to the influence of the incoming ray.** It should be remembered that as with individuals, so with nations — **the reaction to an increasing influence of the soul ray is ever accompanied by a breaking down period; this demonstration of destruction is, however, only temporary and preparatory.**

**The incoming seventh Ray of Order is surely, even if slowly, imposing order and a new rhythm of life upon mankind.** The effect of these incoming energies and of the rays which are active at any one time is felt in the following sequential order:

1. The sensing of an ideal.
2. The formulation of a theory.
3. The growth of public opinion.
- 4. The imposition of the new and developing pattern upon the evolving life.**
5. The production of a form, based upon that pattern.
6. The stabilised functioning of the life within the new form.

It should be remembered that each ray embodies an idea which can be sensed as an ideal. **The rays in time produce the world pattern which moulds all planetary forms** and thus bears witness to the inner potency of the evolutionary processes. This pattern-forming tendency is being recognised today by modern psychology in connection with the human being and his emotional or thought patterns are being charted and studied.

#### They Use the Strategy of Problem Reaction Solution Because Humanity Already Has Everything Needed For Peace and Prosperity

The N.W.O. use their fraud and coercion tactics to create a strategy of 'problem, reaction, solution' (PRS). The strategy of problem reaction solution (PRS) is not complicated. It is just fraud and coercion with a more descriptive name. The N.W.O. create a problem, humanity has a reaction and then the N.W.O. presents their solutions to the problem they created. They use the PRS strategy repeatedly for many of their short term and long term goals.

#### WW2 Is an Example of the N.W.O. Using Their Problem, Reaction, Solution Strategy

##### Problem

One of the problems that the N.W.O. caused was World War II. They tell us in their own words in the quote below from the book Rays and The Initiations by Alice A. Bailey which is part of the Ageless Wisdom teachings of esoteric knowledge. They tell us that they wanted to destroy inadequate forms (which means kill people) and their original

plan was to use a universal epidemic to carry out the destruction. They also tell us that they realized there was a possibility that a world war could take place so they decided to use a world war to carry out their destruction of inadequate forms instead of using an epidemic.

**One of the purposes lying behind the present holocaust (World War II) has been the necessity for the destruction of inadequate forms. This destruction could have been brought about by an act of God, such as a great natural catastrophe or a universal epidemic, and such had been the original intention.** Humanity was, however, swept by forces that carried in themselves the seeds of destruction, and there was that in humanity which responded to those forces. **Therefore the Law of destruction was permitted to work through humanity itself,** and men are now destroying the forms through which many masses of men are functioning. This is both a good and a bad thing, viewed from the evolutionary angle. It is nevertheless a fact which cannot be gainsaid, and the problem, therefore, confronting the Custodians of the Will, working through the Custodians of the Plan, is to bring good out of the evil which man has wrought, and thus gear events to the larger issues.

That is one of the objectives before the Hierarchy at this time (written April, 1943) as it prepares for participation in the May and June Full Moons. Can the forces be so organised and the energies so distributed that the full measure of good may be evoked from humanity by the invocation sounded forth by Shamballa? Can this evocation of a new cycle of spiritual contact and of liberation be brought about by the invocation of the men and women of good-will? Can the will-to-good of the spiritual Forces and the goodwill of humanity be brought together **and produce those conditions in which the new world order may function?** These are the important questions which **the Hierarchy** is attempting to solve.

### Reaction

We can also see from the above quote that the members of the N.W.O. used their world war to evoke a reaction from humanity that would cause the conditions that would lead to a functioning N.W.O. Humanity did have a reaction to World War II.

Can the will-to-good of the spiritual Forces and the goodwill of humanity be brought together and **produce those conditions in which the new world order may function?**

## Solution

The solution to stop world wars from happening again was the United Nations. The members of the N.W.O. tell us that their shamballa force entered into human consciousness and one of the results was the United Nations which was part of their divine Plan. Their strategy worked because the United Nations is the global government of the N.W.O. after establishing the UN the N.W.O. started forcing the nations of the world to give up their independence and accept the UN as their authority.

**Each time this energy strikes into human consciousness, some fuller aspect of the divine Plan appears.** It is the energy which brings about synthesis, which holds all things within the circle of divine love. Since these impacts, human thinking has been more concerned with the production of unity and the attainment of synthesis in all human relations than ever before, and **one result of this energy was the forming of the United Nations.**

.....

As a demonstration of the beneficent will of God, this potent energy tends to destroy all forms that hinder the emergence of a new and better world; it acts as a synthesising force binding together all separated units of life and consciousness. **It has a profound effect on the political field, and in the consciousness of those concerned with all aspects of government in the nations of the world.**

## The N.W.O. Use Problem Reaction Solution for All Three of Their Main Goals

From the quote below we can see that the N.W.O. use problem reaction solution for all three of their main goals. They use the PRS strategy for their religious goals, their financial goals and their political goals. They destroy all the good things humanity has by using wars and disease and then they impose their N.W.O. on us with the help of all their N.W.O. members.

When the din of **battle and the smoke and fire of bombing** and the cruel effects on **human bodies** have faded into the past, it will be apparent to the understanding aspirant that **much evil has been destroyed in all fields of human activity—in the field of theological religion, in the field of politics, and in the field of selfish economic competition.** **It will be for humanity then to precipitate and stabilise the appearing good,** and this they will learn to do through the utilisation of the third Shamballa energy—the energy of organisation. **The new world will be built upon the ruins of the old.** The new structure will rise. Men of goodwill everywhere, under the guidance of the New Group of World Servers, will organise themselves into

battalions of life, and their first major task must be the development of right human relations, through the education of the masses. This means the paralleling development of an enlightened public opinion, which is **(speaking esoterically) right response to the sound which conveys the will of God to the ears of the attentive.** Then humanity will indeed move outward from the desert, leave the seas behind, and know that God is Fire.

### Their Next Major Disaster Against Humanity

very recently, in the year 2023, Professor Arturo Bris of the IMD World Competitiveness Center, speaking at the World Government Summit told us that the we will be driven further into the new world order by a sudden "shock". At this point in time, the year 2023 after the covid-19 pandemic, we are already living in the N.W.O. but the members of the N.W.O. still need to take full and open control over the world and eliminate their opposition completely. Klaus Schwab has told us that the next major catastrophe to strike humanity will be a cyber attack that will shut down civilization and make the covid-19 pandemic look like a minor disturbance or inconvenience.

Below is the quote from Professor Arturo Bris where he describes the "transition" from the old world order to the new world order. Arturo Bris tells us it will be sudden and it will be a shock to us.

**Professor Arturo Bris of the IMD World Competitiveness Center** made a disturbing comment while speaking at the **2023 World Government Summit in Dubai.**

In a video clip going viral this week, Bris asked the audience **how a transition from the current world order to a “new” world order will take place.**

“I totally agree that the world order, the way it is built today, doesn’t make any sense,” he explained. “It is not in line with the economic powers like India, Brazil or Germany. They don’t have a massive role in the international order. But to me, the big question is **how we are going to go through this transformation. It cannot be gradual. It has to be, has to be, driven by a part, by a certain shock that will happen. So now we will reconsider this entire...**”

also **the covid 19 crisis** it still allowed us to interact on a personal basis it still allowed us to a certain extent to maintain our business activities but key was always the infrastructure which made possible the delivery of essential services the continuation of business and the maintenance also of social contacts even in the most disruptive

moments of the pandemic our reliance on digital services and infrastructure has exponentially increased due to the unprecedented connectivity which we have established now from the adoption of large-scale working from home arrangements to the use of cloud services e-commerce e-health e-education many tech leaders have noted that within a couple of months. we achieved such advancements in digital transformation that would have taken otherwise two maybe three maybe even more years this paradigm shift to digital has made the role of cyber security as a global public good even more pronounced it serves as an enabler for business continuity and sustainable threat for our connectivity yet us businesses and organizations are putting great efforts to serve their customers the liberal essential services and protect the employees amidst the pandemic cyber criminals have also been quick to exploit the increased vulnerabilities and the increased use that came along the world economic forum recently published a copy 19 risks outlook the third greatest concern for companies surveyed is the increase of cyber attacks we all know but still pay insufficient attention to the frightening scenario of a comprehensive cyber attack which would bring to a complete halt to the power supply transportation hospital services our society as a whole the cobai 19 crisis would be seen in this respect as a small disturbance in comparison to a major cyber attack we have to ask ourselves in such a situation how could we let this happen despite the fact we had all the information about the possibility and the seriousness of a risk attack cyber crime and global cooperation should be at the forefront of the global agenda the grim reality is that cybercrime today is definitively a gross industry it has significant financial costs to the global economy but it has also important indirect costs it can undermine the public confidence in digital transformation and therefore into the overall trustfulness of a society no doubt that building digital trust and a secure internet for the global economy is one of the major challenge that no nation or company can solve alone it requires a global response with strong private public cooperation in recognizing this need the world economic forum launched in 2018 the center for cyber security to offer a global convening platform for governance large corporations and civil society to address the systemic cyber security challenges and find joint solutions it is obvious that governments have to play a leading role in securing cyber security but ultimately cyber security is a challenge for all of us it is important to use the kobe 19 crisis as a timely opportunity to reflect on the lessons the cyber security community can draw and improve our in preparedness for a potential cyber pandemic since we are the first generation to have such levels of interconnectivity and global value chains

### **Our Leaders Are Causing the Problems That They Claim They Are Trying To Save Us From**

We already have everything we need for peace and prosperity all over Earth so our world leaders have to create problems to make us think we don't have everything we need and then they will present their N.W.O. as the solution to the problems they created. The problems they create are carefully designed to achieve specific goals.

What are the problems they create? They are the same as the reasons they give us in their calls for a N.W.O. They say we need a N.W.O. to save us from co2, racism, famine, terrorism, poverty as well as other reasons. The members of the N.W.O. already control the entire world so their N.W.O. is already here but they are still trying to put the final details in place and most of all, eliminate their opposition. Their completed N.W.O.

will be a technocracy. A technocracy is a technological dictatorship where technology is used for total observation and control of the population of Earth. Their technocracy will be enforced using a police state.

### Examples of Their Problem Reaction Solution Strategy and Tactics

Now we will look at three examples of the new world order causing problems that are designed to lead us into their N.W.O. technocratic government. We can see from the earlier quotes that at least three of our leaders' reasons for wanting a N.W.O. include ending conflict, financial security and the environment.

In the first example of problem reaction solution we will look at how our governments used terrorism and killed people with Operation Gladio to increase government control through security legislation.

In the second example we will look at how the government is stealing our money so that the N.W.O. can become private owners of our land and resources.

In the third example we will look at how our governments lie and tell us that CO<sub>2</sub> is harmful so they can shut down our energy supply and make us use carbon credits.

### Operation Gladio: Government Created Terror Attacks That Killed Innocent People

Operation Gladio was a campaign of bombings in Europe that was carried out by NATO and blamed on communists. It was supposed to make citizens accept more government surveillance on their privacy and control over their activities. This is how they slowly build their technocracy of total surveillance where citizens are spied on and told what they can and cannot do.

The former Italian Prime Minister, an Italian judge, and the former head of Italian counterintelligence admit that **NATO, with the help of the Pentagon and CIA, carried out terror bombings in Italy and other European countries in the 1950s and blamed the communists, in order to rally people's support for their governments in Europe** in their fight against communism. As one participant in this formerly-secret program stated:

**"You had to attack civilians, people, women, children, innocent people, unknown people far removed from any political game. The reason was quite simple. They were supposed to force these people, the Italian public, to turn to the state to ask for greater security."**

Italy and other European countries subject to the terror campaign had joined NATO before the bombings occurred. They also allegedly carried out terror **attacks in France, Belgium, Denmark, Germany, Greece, the Netherlands, Norway, Portugal, the UK, and other countries.**

False flag attacks carried out pursuant to this program include – by way of example only:

The murder of the Turkish Prime Minister (1960)  
Bombings in Portugal (1966)  
The Piazza Fontana massacre in Italy (1969)  
Terror attacks in Turkey (1971)  
The Peteano bombing in Italy (1972)  
Shootings in Brescia, Italy and a bombing on an Italian train (1974)  
Shootings in Istanbul, Turkey (1977)  
The Atocha massacre in Madrid, Spain (1977)  
The abduction and murder of the Italian Prime Minister (1978)  
The bombing of the Bologna railway station in Italy (1980)  
Shooting and killing 28 shoppers in Brabant county, Belgium (1985)

### Our Governments Creating Poverty and Homeless Citizens

Our leaders use a financial system that is designed to remove all the wealth from the citizens of the nations. It is not a complicated method they use and they know what it is doing to us. If you talk to a politician you will get endless complicated explanations about how your country is funded so that the government and various other services like police and garbage collection can be paid for. Governments borrow money that does not exist from private bankers. These are high level central bankers that are part of the World Bank system.

Our leaders ask the central banks for an amount of money each year and the central bankers create the money from nothing. They do not give us money they already have. For example the American government asks the Federal Reserve, which is a privately owned bank, for a trillion dollars this year. The Federal Reserve creates a trillion brand new dollars that never existed before and gives that to the American government. The government uses that money to pay the politicians wages and the police and military and other things. Then the money has to be paid back to the Federal Reserve at the end of the year. -

The American citizens have to pay back the Federal Reserve that one trillion dollars plus compounded interest on that one trillion dollars. So now the citizens pay check has money taken out of it and it is called tax. So the only people giving money away is the American citizen and the Federal Reserve keeps that compounded interest and becomes rich. But it gets worse, when the newly created one trillion dollars was given back to the Federal Reserve they get to keep that too as real money now so they get one trillion dollars plus compounded interest and they can use it to buy your property or anything else they need to build their N.W.O. Would you like to create money from nothing and charge compounded interest on it and put all of it into your bank account? Because that's exactly what the world banks do and that's how they control and own the world and our leaders are part of the process and our leaders know exactly what is happening and they let it happen. It is an evil conspiracy. That ability to create money from nothing makes them able to pay for anything they want or need. When presidents try to stop this financial coercion they are murdered.

The central bankers do this every year for almost every nation on Earth. Since the money is only flowing from the citizens to the central bankers the citizens run out of money and then the bankers will take the nations resources as collateral and now they

own the countries of the Earth. Our countries are their private property. Your private property is only yours until you stop paying tax. Then it's taken away.

If that wasn't bad enough, the central bankers take all that money made from nothing and lend it out to as much as eight different people at the same time. It's called fractional reserve banking. So the one trillion dollars the American government borrowed becomes eight trillion dollars for the bankers plus compounded interest.

### *Economic Hit Men (EHM)*

The quote below from John Perkins' book tells us who is involved in this financial scam and what they are doing. It is a short description of the current situation from the preface of his book. Can we just call the World Bank and USAID to ask if this is true? Yes we can call them but they'll certainly tell us that John Perkins is mistaken and that's not what is happening. John Perkins' book is still for sale and we can corroborate his story with the facts about what is happening today.

The solutions to our financial problems are found in Operation Iceland at Infowar School and they are simple, we print our own money and we don't need to pay interest on it or pay it back to anyone because it's our own money. Do you know what that means? It means we don't have to pay taxes and we never did. Does that sound good to you? You will never lose your house or land for unpaid taxes because you don't have to pay taxes. That's security and prosperity. If you can't get a job you will never lose your home. You can even grow your own food at your home. With others around you that are just as secure, life will be far better than it is now. and there will never be inflation problems because we will never pay taxes or use fractional reserve banking. Everyone will just be millionaires all over the Earth. Every single person. Do you think no one will work any more? People with money are some of the most active people on Earth. Just look at the members of the N.W.O., they're rich and they won't leave us alone. When you are rich and free you can work at what you want to do instead of what you are forced to do and you will be happy.

#### PREFACE

Economic hit men (EHMs) are highly paid professionals who **cheat countries around the globe out of trillions of dollars**. They funnel money from the **World Bank**, the **U.S. Agency for International Development (USAID)**, and other foreign "aid" organizations into the coffers of **huge corporations and the pockets of a few wealthy families** who **control the planet's natural resources**. Their tools include **fraudulent financial reports, rigged elections, payoffs, extortion, sex, and murder**. They play a game as old as empire, but one that has taken on new and terrifying dimensions during this time of globalization. **I should know; I was an EHM.**

## Creating Environmental Problems That Are Not Real

The next example shows how our leaders are using co2 and the environment to make us accept a N.W.O. geoengineering is happening which means our governments are spraying poisonous aluminum nanoparticles and other deadly substances into our skies which are killing the environment, animals and humans.

Here is a quote from a government member who tells us that climate change is just a strategy used by the UN to concentrate government authority and control.

<https://www.rt.com/news/256861-climate-change-un-hoax/>

[Climate change is UN-led hoax to create 'new world order' – Australian PM's adviser](#)

*8 May, 2015*

The Australian prime minister's chief business adviser says that climate change is a ruse **led by the United Nations to create a new world order under the agency's control.** The statement coincided with a visit from the UN's top climate negotiator.

Maurice Newman, chairman of Prime Minister Tony Abbott's business advisory council, said **the UN is using false models which show sustained temperature increases** because it wants to end democracy and impose authoritarian rule.

**"It's a well-kept secret, but 95 percent of the climate models** we are told prove the link between human CO2 emissions and catastrophic global warming have been found, after nearly two decades of temperature stasis, **to be in error,**" he wrote in an opinion piece published in The Australian newspaper on Friday, without providing evidence.

"The real agenda is **concentrated political authority.** Global warming is the hook," he said, adding that **the UN is against capitalism and freedom** and wants to create a **"new world order."**

Here is a quote from NASA that shows us how co2 is a natural thermostat and one of the most efficient coolants. That means co2 regulates the Earth's temperature. CO2 doesn't cause over heating. It never will. It's impossible. It is a natural thermostat. When the concentrations of Co2 reach a saturation level the Co2 begins to conduct heat instead of insulating heat. Just like a semiconductor will insulate or conduct electricity. Co2 is one of the smallest contributors to keeping the Earth warm enough for life. Its effects are tiny when it comes to heating the planet. CO2 is not harmful and you can read the studies that prove it in the environment course at Infowar School.

The only problem we can have with co2 is not having enough to feed our farms and forests or to block harmful radiation from reaching the Earth's surface.

*March 22, 2012*

**"Carbon dioxide and nitric oxide are natural thermostats,"** explains James Russell of Hampton University, SABER's principal investigator. "When the upper atmosphere (or 'thermosphere') heats up, these molecules try as hard as they can to **shed that heat back into space.**"

That's what happened on March 8th when a coronal mass ejection (CME) propelled in our direction by **an X5-class solar flare hit Earth's magnetic field**. (On the "Richter Scale of Solar Flares," X-class flares are the most powerful kind.) Energetic particles rained down on the upper atmosphere, depositing their energy where they hit.

For the three day period, March 8th through 10th, the thermosphere absorbed 26 billion kWh of energy. Infrared radiation from **CO2 and NO, the two most efficient coolants in the thermosphere, re-radiated 95% of that total back into space**.

From these articles you can see that we are not being told the truth. The IPCC has misled you about the effects of CO2 because co2 is harmless and very beneficial to Earth. If this sounds unbelievable to you remember the other proven example of our governments actually killing citizens in operation Gladio. Lying to us is nothing for them.

So why do they say co2 is dangerous if it's not? If you can control co2 you can control the life on this planet because co2 is one of the most basic parts of the entire life cycle. Co2 can be linked to everything because carbon is found everywhere. That's why they are using carbon credits to limit our activities. Carbon controls allow the N.W.O. to control our energy supply because most of our fuel sources produce harmless and beneficial co2.

During the lockdowns of 2020 and 2021 human levels of CO2 output dropped but the rate of increase of CO2 followed the same pattern as it did in previous years and the levels kept increasing in the atmosphere. That's because humans don't drive or control the Earth's co2 levels. We produce co2 but we don't even come close to what is naturally produced by the Earth.

Temperature Causes Co2 Changes. Co2 Does Not Cause Temperature Changes

The study from the article below also shows that historically and even today, changes in the weather happen before changes in CO2 levels so CO2 cannot be changing the weather. First the average temperature rises then the average CO2 rises about six months to a year later. Then the average temperature falls and the average Co2 falls about six months to a year later. Co2 does not cause temperature increases.

As Drs. Koutsoyiannis and Kundzewicz point out in their iconoclastic new study, **"despite unprecedented decrease in carbon emission, there was an increase in atmospheric CO2 concentration,** which followed a pattern similar to previous years."

In fact, the statistical probability is so robust "the p-values in the direction  $T \rightarrow [CO_2]$  are always smaller than in direction  $[CO_2] \rightarrow T$  by about 4 to 5 orders of magnitude, thus clearly supporting  $T \rightarrow [CO_2]$  as dominant direction." **Temperature is shown to lead CO2 changes by about 6 months to a year.**

The organization that drives the N.W.O. environmental strategy is called the Club of Rome. The quote below tells us about the members of the Club of Rome. The members are our world leaders.

*April 19 2021*

Founded in 1968 at Accademia dei Lincei in Rome, Italy, the **Club of Rome** consists of current and former heads of state, UN bureaucrats, high-level politicians and government officials, diplomats, scientists, economists, and business leaders from around the globe.

The club of Rome admits to creating the lie that we have a global warming problem. CO2 is part of the lifecycle of this planet. CO2 causes massive plant growth all over the Earth and increases our food supply. Below you can see that they are looking for a common enemy for humanity to unite against and they came up with the idea of global warming.

They literally say they were "searching for a common enemy against whom we can unite" and they decided that global warming would fit the bill. So they admit their purpose is finding a common enemy to unite the populations of the Earth. That is exactly their strategy of problem, reaction, solution and they want us to unite under their control in their technocracy.

Global warming and cooling are a natural cycle controlled by the sun. So why do they want a common enemy against whom we can unite? Because they need reasons for everyone to accept and unite under their N.W.O. world government of the United Nations. Why else would you accept an unelected government when you already have your own nations elected government? Why else would anyone want to be totally controlled and spied on and forced to do what a sadistic criminal elite command? No one wants their N.W.O. that's why they have to trick us and force us into it.

In searching for a **common enemy** against whom we can unite, **we came up with the idea** that pollution, **the threat of global warming**, water shortages, famine and the like, would fit the bill. In their totality and their interactions these phenomena do constitute a common threat which must be confronted by everyone together. But **in designating these dangers as the enemy, we fall into the trap**, which we have already warned readers about, namely **mistaking symptoms for causes**.

One of the reasons they say "mistaking symptoms for causes" is because co2 rises after temperatures rise. That means rising co2 does not cause increased temperatures. They are actually telling us that they are switching Co2 increase from a symptom of increasing temperature to a cause of increasing temperature. They are telling us that they are lying.

Cutting off Our Energy Supply

We are told by the UN and governments that we are running out of oil and that the world is overheating because of human activity. First let's look at oil. In the seventies there was an "energy crisis". In response, the Trans Alaskan Pipeline System was built to supply oil to the lower American states from Alaska.

During the building of the pipeline an oil field was discovered in Alaska at Gull Island. In that oil field alone there is enough oil to supply America for over two hundred years plus incredible amounts of natural gas. The two hundred years even includes the projected rate of increase in consumption. There is also enough natural gas in Alaska to last 200 years which is put back into the ground at the rate of one billion cubic feet per day by using 48 powerful engines of the type used on 747 jet aircraft. Twenty four hours after the discovery of that oil field the discovery was classified and never reported to the world. The only reason we know about it is because Lindsay Williams who was a Chaplain at the oil field wrote a book about it titled The Energy Non Crisis. Since that time another pool of oil has been found on the north slope of Alaska as big as the one found at Gull Island.

Alaska has as much oil as in Saudi Arabia. America is energy independent and fuel should be very cheap to buy.

Considering the abundant coal supply and other oil fields in America and Alaska that are not kept secret, why are energy prices so high? Why are we fighting and dying over oil in other countries as we did in the Iraq Kuwait war? It is because those events keep us under the control of the N.W.O. and it moves them closer to their final goal. Energy prices are high and they cause us to suffer and even die but it doesn't have to be that way as you now know. Think of the prosperity and peace we could have on Earth with abundant and inexpensive energy. We have technology that allows us to burn coal that is clean. We have safe nuclear energy available that is not being used as much as it could be and the dangerous nuclear energy is being used more often. You have already

seen that co2 is not harmful at all. This is their strategy to take over by making you unable to care for yourself.

### **The United Nations Was Created By The Spiritual Hierarchy As Part Of Their 'Divine Plan' For Building The N.W.O.**

In an earlier topic we saw that our occult sources tell us that the N.W.O. is Lucifer's creation and Lucifer and his spiritual hierarchy of fallen angels are directing our world leaders. The United Nations itself is not the N.W.O. The UN is the creation of the N.W.O. and is only one piece of their plan. The UN is their world government. If you are going to have one leader of the world you need a single world government not individual nations.

In the quote below from Lucis Trust we are told that the spiritual hierarchy created the United Nations. They tell us that their 'energy' resulted in the 'forming of the united nations' and that it was part of their 'divine Plan'.

**Each time this energy strikes into human consciousness, some fuller aspect of the divine Plan appears.** It is the energy which brings about synthesis, which holds all things within the circle of divine love. Since these impacts, human thinking has been more concerned with the production of unity and the attainment of synthesis in all human relations than ever before, and **one result of this energy was the forming of the United Nations.**

### **The UN Follows the Philosophy of Theosophy**

Here are connections between our occult sources and the United Nations. From these connections you can clearly see how the teaching of the occult shapes the thinking of the leaders of the United Nations. Two of the organizations from the occult sources described in the above topics are directly involved with the United Nations. They are Lucis Trust and the Findhorn Foundation. Lucis Trust is an NGO that consults with the UN.

Alice A. Bailey tells us in her book that occult teachings have been guiding the United Nations from the beginning of their planning. She tells us that "three occult factors" have been governing the plans of the nations and the United Nations.

the "planning" of the various nations, and **in the efforts of the United Nations to formulate a world plan** which will eventuate in peace, security and right human relations. It is interesting to note that, **from the very start of this unfoldment, three occult factors have governed the development of all these plans:** its clearcut significance, unperceived as yet by you, in the setting of a time boundary by the nations who formulate these plans, within whose announced limits certain objectives are presumed to be possible of attainment.

This quote from Alice A. Bailey tells us that the hierarchy of Lucifer and the fallen angels is using the United Nations by channeling its energy through the United Nations. This may sound silly to you but the people who rule our world are serious about receiving energy and influence from Lucifer and the spiritual hierarchy. What is important to note is the hierarchy claim in their own words to be directly influencing and controlling the UN.

### The United Nations Is a Spiritual and Political Organization

The UN is a spiritual organization and they have influence over religious organizations and institutions all over the world. They are not just a political organization.

In the quote below a former Secretary-General of the United Nations explains how the UN is more than a political organization and why. The quote is broken down into three parts and explained.

<https://www.un.org/press/en/1998/19980427.SGSM6541.html>

SECRETARY-GENERAL STRESSES RELIGIOUS, SPIRITUAL DIMENSIONS OF UNITED NATIONS WORK, IN KEYNOTE ADDRESS

*un.org*

*Secretary-General Kofi Annan*

*April 27, 1998*

(The Secretary-general of the UN, Kofi Annan tells us that the UN does not separate church and politics)

**You may think that the United Nations**, an intergovernmental organization, **must abide by** the same **separation between Church and State** found in the United States and many other countries. You may be trying to **imagine how spirituality can coexist** with the world of diplomacy, national security and hard-edged negotiations.

**I would ask you to think differently**; I would ask you to take another look. The **United Nations is a tapestry**, not only of suits and saris, but of **clerics' collars, nuns' habits and lamas' robes -- of mitres, skullcaps and yarmulkes**.

(The Secretary-general tells us that politics can never ignore religion and that the teachings of the world's religions are enshrined in the UN charter)

**I meet regularly with interfaith groups** and religious figures of many creeds.

His Holiness **Pope John Paul II** is one of many religious leaders who have made memorable visits to the United Nations, in his case in 1995 during the Organization's fiftieth anniversary year. "**The politics of nations**", he said on that occasion, "**can never ignore the transcendent, spiritual dimension of the human experience**".

That is a message I take to heart. There is a basic **affinity between the teachings of the great religions of the world and the values enshrined in the Charter of the United Nations**.

(The former secretary-general tells us that another former secretary-general also believes the UN is not just a political organization but a spiritual organization)

I am not alone in this belief. **My predecessor Dag Hammarskjöld**, who is remembered as much for his faith as for his achievements as Secretary-General, carried two documents with him wherever he travelled: a **New Testament and a United Nations Charter -- his two Bibles**, if you will.

Here is a quote from a former Secretary-general of the United Nations that tells us there will be no peace on Earth until there is a spiritual renaissance. Renaissance means rebirth or renewal.

The quote is published by an organization called the Committee on Spirituality, Values and Global Concerns - New York. They are an NGO connected to the UN and they also tell us that the UN "was built on spiritual principles" and they are working to unite the religions of the world. They tell us the leaders of the UN use 'spirituality' as a guiding force.

### Examples Of How The UN Is Helping To Build The N.W.O.

The teachings of Alice A. Bailey tell us that education will be used to build the N.W.O. it is the United Nations that will carry out that task through UNESCO.

The **new world order will be confronted with many problems**. These problems will not be solved by the imposition of a solution by means of force, as in the Axis world order. They will be **solved by right educational processes** and by understanding the objectives of the true world order. They fall roughly into four categories: the racial problem, the economic problem, the problem of government, and the religious problem.

page 103

Right Human Relations **The objective of their work** can be summed up thus: **the new world order** will facilitate the establishing of right human relations, based on justice, on the recognition of inherited rights, on opportunity for all—irrespective of race, colour or creed—on the suppression of crime and selfishness **through right education**, and on the recognition of divine potentialities in man as well as the recognition of a divine directing Intelligence in Whom man lives, and moves and has his being.

They even say that they support eugenics and a former President of the British Eugenics Society named Julian Huxley was the first Director of UNESCO (**United Nations Educational, Scientific and Cultural Organization**).

That task is **to help the emergence of a single world culture**, with its own philosophy and background of ideas, and with its own broad purpose

Robert Muller was an under-secretary-general for the United Nations and he wrote the World Core Curriculum which is based on the teachings of Alice A. Bailey. This world core curriculum is taught in schools all over the world and is influencing the UN and at least twelve other UN organizations.

We can see from this quote that the N.W.O. want a universal religion that is the same as the occult philosophy.

The Religious Problem

**When we come to consider religion in the new world order**, we are faced with a far more complicated problem and yet, at the same time, with a far easier one...Forms of religion are so different, and the theological **adherents are so fierce in their loyalties and partisanship**, that **the emergence of a world religion is necessarily of profound difficulty. But that emergence is very close at hand and the differences are relatively superficial. The new world religion is nearer than many think**, and this is due to two things: first, the theological quarrels are mainly over non-essentials, and secondly, the younger generation is basically spiritual but quite uninterested in theology.

## The N.W.O. Will Be a Technocracy

### What Is a Technocracy

A technocracy is a dictatorship that is more powerful than any we have seen. It is a dictatorship that uses a highly advanced police state to control citizens and stop anyone from doing anything the government does not want done. Remember, the government is supposed to be an elected body that serves the citizens, not a dictatorship.

The N.W.O. technocratic dictatorship will use scientists and engineers, not elected politicians, to administer government. You will be told what you are allowed to have by these scientists and engineers. This is already happening as we will see. Eventually cash will be replaced with digital money and you will only be given energy and carbon credits according to what the scientists decide you need to have.

Using science and engineering to solve problems is not a bad idea but when science and engineering are used to commit oppression we have to stop it. Science and engineering can be misused just like anything else.

Their N.W.O. technocracy will include total surveillance over society so that the scientists who decide how much energy we get can use the data to make decisions and to stop any opposition to the N.W.O.

The technocracy movement is a social and ideological movement which arose in the early 20th century. **The technocracy movement proposed replacing politicians and businesspeople with scientists and engineers** who had the technical expertise to manage the economy.

In a publication from 1938 Technocracy Inc. the main organization made the following statement in defining their proposal.

**Technocracy is the science of social engineering**, the scientific operation of the entire social mechanism to produce and distribute goods and services to the entire population of this continent. **There will be no place for Politics or Politicians, Finance or Financiers ... Technocracy will distribute by means of a certificate of distribution available to every citizen from birth to death.**

[MONEY THE MEDIUM OF LOVING DISTRIBUTION](#)

*A Compilation from the Books of Alice A Bailey*

**The new world order will recognise that the produce of the world, the natural resources of the planet and its riches, belong to no one nation but should be shared by all. There will be no nations under the category "haves" and others under the opposite category. A fair and properly organised distribution of the wheat, the oil and the mineral wealth of the world will be developed, based upon the needs of each nation, upon its own internal resources and the requirements of its people. All this will be worked out in relation to the whole. ibid., p. 191**

---

It is equally essential that the **new world order** should develop in humanity a sense of divinity and of relationship to God, yet with no emphasis upon racial theologies and separatist creeds. The essentials of religious and political beliefs must be taught and a new simplicity of life inculcated. Today, these are lost in the emphasis laid upon material possession, upon things and upon money. The problem of money will have to be faced; **the problem of the distribution of wealth** – whether natural or human – will need careful handling and a **compromise reached between those nations which possess unlimited resources and those who have few or none**; the problem of the varying forms of national government must be faced with courage and insight.

-----  
The true problem of the **United Nations** is a twofold one: it involves the right **distribution of the world's resources so that there may be freedom from want**, and it involves also the bringing about of a true equality of opportunity and of education for all men everywhere. **The nations** which have a wealth of resources **are not owners**; they are custodians of the world's riches and hold them in trust for their fellowmen. **The time will inevitably come when – in the interest of peace and security – the capitalists in the various nations will be forced to realise this and will also be forced** to substitute the principle of sharing for the ancient principle (which has hitherto governed them) of greedy grabbing.

-----  
The new era of simplicity must come in. **The new world order will inaugurate this simpler life** based on adequate food, right thought, creative activity and happiness. These essentials are **only possible under a right economic rule**. This simplification and this **wise distribution of the world's resources** must embrace the high and the low, the rich and the poor, thus serving all men alike.

### Carbon Credits

You will be given credits that tell you how much resources you can use. Carbon can be linked to everything so it can be used to control everything and your carbon credits will limit how much energy or food or property you can have. How much carbon was produced in making or shipping your food and clothes? How much energy will you use to go to work? When you reach your limit what will you do until next month?

Technocrats are preparing “mandatory” personal carbon allowances that would **introduce rationing into every area of your life via an app** that would **record** your travel, heating expenses and even the food you eat.

Everyone would be **issued with a ‘carbon allowance card’** “that would entail all adults receiving an equal tradable **carbon allowance that reduces over time** in line with national [carbon] targets.”

The authors make it clear that the program would be a **“national mandatory policy.”**

**Carbon units would be “deducted from the personal budget with every payment of transport fuel, home-heating fuels and electricity bills,” and anyone going over the limit would be forced to purchase additional units in the personal carbon market from those with excess to sell.”**

The proposal makes clear that the means of measuring a person’s uptake of carbon units for travel would function **“on the basis of the tracking the user’s movement history.”**

The authors note how the **normalization of contact tracing via COVID-19 apps** will ensure a similar system could be used for **keeping track of carbon credits** with minimum fuss.

Indeed, the authors specifically note how **mass unquestioning compliance with COVID lockdown regulations** has greased the skids for further intrusive tyranny and that, **“people may be more prepared to accept the tracking and limitations related to PCAs to achieve a safer climate”** as a result.

The increasing sophistication of artificial intelligence technologies would also **“make it possible to easily track and manage”** people’s **“food-and-consumption-related emissions.”**

### **Their Technocracy Will Be Enforced By a Police State**

No one wants to be under the total control of a technocratic government that tells you what you can have and even when you should die. That is why the N.W.O. wants to disarm the nations and make their world government of the UN the most powerful force in the world. Disarmament is part of the 'divine Plan' of the spiritual hierarchy as Alice A. Bailey tells us in one of her books which is shown below.

**Externalization Of The Hierarchy**

One of the first tasks of any future peace conference will be to regulate this matter and gradually see to the **disarming of the nations.**

**Local police must be monitored to ensure that they carry out their duties in the spirit of the new order and not the old.** Respect for human rights must be verified, an especially important task in El Salvador and Cambodia. In the latter country the United Nations also has responsibility for controlling the key parts of the existing administrative structures.

Here is a document that tells us there will be a 'United Nations Peace Force to enforce the peace' and to totally disarm all nations. Do you want to rely on the N.W.O. to protect you from criminals? The N.W.O. are criminals.

FREEDOM FROM WAR

**THE UNITED STATES PROGRAM FOR GENERAL AND COMPLETE DISARMAMENT IN A PEACEFUL WORLD**

Summary

**DISARMAMENT GOAL AND OBJECTIVES**

The over-all goal of the United States is a free, secure, and peaceful world of independent states adhering to common standards of justice and international conduct and subjecting the use of force to the rule of law; a world which has achieved **general and complete disarmament under effective international control**; and a world in which adjustment to change takes place in accordance with the principles **of the United Nations**.

In order to make possible the achievement of that goal, the program sets forth the following specific objectives toward which nations should direct their efforts:

- **The disbanding of all national armed forces and the prohibition of their reestablishment in any form** whatsoever other than those required to preserve internal order and for contributions to a United Nations Peace Force;

- The elimination from national arsenals of all armaments, including all weapons of mass destruction and the means for their delivery, other than those required for a **United Nations Peace Force and for maintaining internal order**;

- **The institution of effective means for the enforcement** of international agreements, for the settlement of disputes, and for the maintenance of peace **in accordance with the principles of the United Nations**;

- The establishment and effective operation of an International Disarmament Organization within the framework of the United Nations to insure compliance at all times with all disarmament obligations.

## N.W.O. Endgame

### Eliminate Opposition To The N.W.O.

The quote below tells us that the United Nations is fighting to abolish the nations of the Earth. The forces of light that are mentioned are the members of the spiritual hierarchy and they are Lucifer and the fallen angels. They want the nations to exist in name only. Their new world government will be in control.

#### [Externalization Of The Hierarchy](#)

**6. The dangers of re-emergence of the nationalist spirit.** Intense nationalism was one of the prime movers in bringing about this war and no nation has been exempt from this spirit of **national pride** and from a **nationalistic, separative outlook**.

Page 199

**This is the old order which must pass**, but its dangers must be recognised. **For its abolishing, the United Nations are fighting**, but the difficulties are many, even though the spiritual strength of all good men is on their side and **the Forces of Light are fighting to aid them. The nationalistic spirit is not dead as yet in any country. It must be helped to die.**

#### Destroy the Western Nations and the American Constitution

The quote below tells us that there is "much suffering in store for the United States". It describes a horrific conflict that the world is headed towards and it is described as a taking place between the eastern and western nations.

#### [SECTION ONE - THE ASPIRANT AND THE MYSTERIES OF INITIATION - Part 4](#)

2023

The country which is the most free from selfishness today is Great Britain; she is experienced, old, and therefore mature in her thinking; she has learnt much in a relatively short time and her judgment is sound. **The most [429] selfish country in the world today is France, with the United States (though along totally different lines) running her a close second; both are materially selfish and capitalistically engrossed. Russia is also selfish but it is the selfishness of a fanatical ideal, held by an immature, a too young a people. The selfishness of the United States is also due to youth, but it will eventually yield to experience and to suffering; there is—fortunately for the soul of this great people—much suffering in store for the United States. The selfishness of France is less excusable;** France too is old and experienced; again and again she has been the victim of the armed forces of Germany and cries aloud to the world about it. France forgets that she frequently over-ran central Europe in the Middle Ages, and the Napoleonic conquests are relatively modern history. Her evil destiny (as she regards it) does, nevertheless, give her the opportunity to become spiritual in her life and attitudes, instead of grossly and intellectually (though

brilliantly) material. She has not yet learned her lesson, and as yet shows little inclination to do so. Strain, economic privations and anxiety may teach her; the result will be stability.

**In the hands of the United States, Great Britain and Russia, and also in the hands of France, lies the destiny of the world disciple, Humanity. Humanity has been passing through the tests which are preparatory to the first initiation; they have been hard and cruel and are not yet entirely over. The Lords of Karma (four in number) are today working through these four Great Powers; it is, however, a karma which seeks to liberate, as does all karma. In the coming crisis, true vision and a new freedom, plus a wider spiritual horizon may be attained. The crisis, if rightly handled, need not again reach the ultimate horror.**

**The area of difficulty—as is well known—is the Near East and Palestine. The Jews, by their illegal and terroristic activities, have laid a foundation of great difficulty for those who are seeking to promote world peace. As a Jewish member of my Ashram pointed out (and I commend him on his soul vision), the Jews have partially again opened the door [430] to the Forces of Evil, which worked originally through Hitler and his evil gang. The "sealing" of that door had not been successfully accomplished, and it is the part of wisdom to discover this in time. These Forces of Evil work through a triangle of evil, one point of which is to be found in the Zionist Movement in the United States, another in central Europe, and the third in Palestine.** Palestine is no longer a Holy Land and should not be so regarded.

I would have you bear these points in mind while you investigate the world picture. This picture is taking shape and warrants recognition. It involves the Jews (who are not a nation but a religious group) the Near East and Russia. In the maps which are to be found in the Archives of the spiritual Hierarchy, the entire area of the Near East and Europe—Greece, Yugoslavia, Turkey, Palestine, the Arab States, Egypt and Russia—are under a heavy overshadowing cloud. Can that cloud be dissipated by the right thinking and planning of Great Britain, the United States and the majority of the United Nations or—must it break in disaster over the world? Will it present a task too hard for correct handling by that inexperienced disciple—Humanity?

the N.W.O. will fight against the citizens of a nation if they try to resist the N.W.O. and elect a president that is not controlled by the N.W.O. from the article below we can see President Donald Trump's statements where he identifies the N.W.O. and promises to remove them from the United States of America.

The 45th president went on to explain stopping World War III also requires members of the Deep State war machine to be expunged.

**"In addition, there must also be a complete commitment to dismantle the entire globalist neocon establishment that is perpetually dragging us into endless wars, pretending to fight for freedom and democracy abroad, while they turn us**

**into a third world country and a third world dictatorship right here at home,**” Trump declared.

**“The State Department, the defense bureaucracy, the intelligence services, and all of the rest, need to be completely overhauled and reconstituted to fire the deep staters and put America First.** We have to put America First,” he added.

Trump also vowed to re-examine the US role in NATO and the globalist organization’s purpose and mission since it “keeps trying to pull the world into conflict with a nuclear-armed Russia based on the lie that Russia represents our greatest threat.”

**“But the greatest threat to western civilization today is not Russia,”** he pointed out. **“It’s probably more than anything else ourselves, and some of the horrible USA-hating people that represent us.”**

Taking off the gloves, Trump proceeded to call out the “godless” cultural Marxists promoting the abolition of borders, police, the rule of law, and traditional families.

**“It’s the Marxists who would have us become a Godless nation worshipping at the altar of race, and gender, and environment.** And it’s the globalist class that has made us totally dependent on China and other foreign countries that basically hate us,” Trump outlined.

**“These globalists want to squander all of America’s strength, blood, and treasure, chasing monsters and phantoms overseas while keeping us distracted from the havoc they’re creating right here at home,”** he continued.

“These forces are doing more damage to America than Russia and China could ever have dreamed. Evicting this sick and corrupt establishment is the monumental task for the next president – and I’m the only one who can do it. I’m the only one that can get the job done. **I know exactly what has to be done.**”

The next two articles show how President Vladimir Putin has also identified the N.W.O. and President Putin is also resisting the N.W.O.

**I repeat, the dictatorship of the Western elites is directed against all societies, including the peoples of the Western countries themselves.** This is a challenge for everyone. **Such a complete denial of man, the overthrow of faith and traditional values, the suppression of freedom acquires the features of a “reverse religion” – outright Satanism.** In the Sermon on the Mount, Jesus Christ, denouncing the false prophets, says: “By their fruits you will know them.” And these poisonous fruits are already obvious to people – not only in our country, in all countries, including for many people and in the West itself.

He said **there will be a “change of elites” in the West as part of the “revolutionary” shift initiated by the Ukraine war and the US-Europe overreaching: “Such a detachment from reality, from the demands of society,** will inevitably lead to a surge of populism and the growth of radical movements, to serious social and economic changes, to degradation, and in the near future, to a change of elites,” Putin said.

**“Russia is entering the coming era as a powerful sovereign country. We will definitely use the enormous new opportunities that time opens up for us. And we will become even stronger.”**

Putin finished his speech at the SPIEF.— AZ OSINT (@AZmilitary1) June 17, 2022

The speech essentially declared that despite the West attempting to hammer the Russian economy and bring it to its knees, the efforts have failed spectacularly and is blowing back on the West, according to Putin’s words.

### Events and False Flags

We have already seen how the N.W.O. use wars to achieve their goals by using those wars to kill their enemies. The N.W.O. are planning more wars and crisis to destroy their remaining opposition.

will-to-good and patience on the part of humanity. Certain major and spiritual premises should lie back of all **efforts to formulate the new world order.** Let me state some of them:

1. The **new world order** must meet the immediate need and not be an attempt to satisfy some distant, idealistic vision.

**2. The new world order must be appropriate to a world which has passed through a destructive crisis and to a humanity which is badly shattered by the experience.**

... ..

9. In the preparatory period for the **new world order** there will be a **steady and regulated disarmament.** It will not be optional. These are the simple and general premises upon which the **new world order** must begin its work. These preliminary stages must be kept fluid and experimental; the vision of possibility must never be lost, and the foundations must be preserved inviolate, but the intermediate processes and the experimentations

Page 103

must be carried forward by men who, having the best interests of the whole at heart, can change the detail of organisation whilst preserving the life of the organism.

**For this new revelation the Christ is preparing as are all the members of the Hierarchy, from the highest Chohan down to the humblest accepted disciple;** it is for this that all the ashrams are getting ready; it is for this also that (in a weak and feeble manner) Christian people, those of the other world faiths, and spiritually minded people are likewise preparing.

Therefore, we have isolated (if I may use such a word) three activities to which the Christ is at this time dedicated:

1. **The reorganisation of the world religions**—if in any way possible—so that their out-of-date theologies, their narrow-minded emphasis and their ridiculous belief that they know what is in the Mind of God may be offset, in order that the churches may eventually be the recipients of spiritual inspiration.

2. **The gradual dissolution—again if in any way possible—of the orthodox Jewish faith**, with its obsolete teaching, its separative emphasis, its hatred of the Gentiles and its failure to recognise the Christ. In saying this I do not fail to recognise those Jews throughout the world who acknowledge the evils and who are not orthodox in their thinking; they belong to the aristocracy of spiritual belief to which the Hierarchy itself belongs.

3. **Preparation for a revelation which will inaugurate the new era and set the note for the new world religion.**

These various efforts may appear to the casual reader as relatively unimportant. This is a superficial point of view and one which meets with little sympathy from the Hierarchy. That the Jews should be rid of fear is of major importance; that they should know and recognise the Christ as the Messiah, and therefore find for themselves that the religion they follow is destructive of many of the finer values, is likewise of major importance; that orthodox Judaism, along with all the other faiths, should realise that there is no desire to make them Christian (in the ordinary sense of the term), but that they should **all move towards some loving synthesis** and eliminate their mutual antagonisms and rivalries is equally urgent, and this statement includes **the Christian faiths as well**. That the Vatican cease its political scheming, its exploitation of the masses and its emphasis upon ignorance is as important; that the manifold divisions of the Protestant churches be bridged is imperative. **If none of these things happen, humanity is headed towards a religious war which will make the past war appear like child's play**; antagonisms and hatreds will embroil entire populations and the politicians of all the nations will take full advantage of the situation to precipitate a war which may well prove the end of humanity. There are [546] no hatreds so great or so deep as those fostered by religion.

First, the activity to be felt in the "center where the will of God is known," that will-to-good which has carried all creation on toward a greater glory and a steadily deepening, intelligent responsiveness. This today is creatively endeavoring to bring in **the new world order, the order of the Kingdom of God under the physical supervision of the Christ. This might be regarded as the externalization of the spiritual Hierarchy of our planet. Of this, the return of the Christ to visible activity will be the sign and the symbol.**

The quote below from the secret doctrine tells us that Lucifer and the fallen angels walked openly in the past as if they were gods. If you ever wondered why people were so different and religious in the past, now you know why. They saw them with their own eyes. Since the 1700's Lucifer and the fallen angels have been keeping themselves hidden so people will not be so convicted in their religious beliefs. If people are not sure about their religion they can be convinced to accept new teachings. The easiest way to prove God is real is to prove Lucifer is real.

To put this in a more modern perspective, World Goodwill has recently published a booklet: World Religion in a New Era. In the introduction you can read: "The booklet was originally published under the title 'The New World Religion'. This phrase, which appears a number of times throughout the text, is not intended to describe the emergence of a new institution or organisation, but rather a new, universal approach to the religious spirit, centred around three fundamental truths: the existence of a Spiritual Hierarchy; approaching divinity through the science of invocation and evocation; and **that the starry heavens and planets are manifestations of great spiritual lives.**" Even though the truly religious spirit is more fundamentally alive today than at any previous time, the scope of World Interfaith Harmony Week doesn't even come close to any of these three fundamental truths. Yet, it is a platform bringing together many faiths, but also many inter-faith groups, thus providing a basis to build upon.

## CHAPTER V - THE PROBLEM OF THE CHURCHES - Part 1

### III. THE ESSENTIAL TRUTHS

**The day is dawning when all religions will be regarded as emanating from one great spiritual source**; all will be seen as unitedly providing the one root out of which the **universal world religion** will inevitably emerge. Then there will be neither Christian nor heathen, neither Jew nor Gentile, but simply one great body of believers, gathered out of all the current religions. They will accept the same truths, not as theological concepts but as essential to spiritual living; they will stand together on the same platform of brotherhood and of human relations; **they will recognize divine sonship and will seek unitedly to cooperate with the divine Plan**, as it is revealed to them by the spiritual leaders of the race, and as it indicates to them **the next step to be taken on the Path of Approach to God**. Such a world religion is **no idle dream** but something which is **definitely forming today**.

### False Alien Contact

Lucifer will likely stage a false alien contact or discovery in the near future. One of the mars rovers or other cameras or satellites will capture something or a false alien being will make contact with us somehow. The N.W.O. have been preparing humanity for contact since the beginning of the twentieth century. It will likely be a staged contact with the Black Lodge posing as a threat to humanity and then the White Lodge will pose the Roswell crash accelerated the interest in aliens. Since Roswell interest has only grown in aliens. The article below tells us how NASA is preparing humanity for alien contact.

**NASA has hired a priest to prepare human beings for alien encounters. According to a report in The Mirror, Rev Dr Andrew Davison, a British priest and theologian, said the prospect for finding life on another planet is becoming ever more real.** The reverend, who is a theologian at Cambridge University and has a degree in Biochemistry, has been working with NASA. He is also set to release his book next year. "He was one of 24 religious experts who took part in the in a NASA-sponsored programme at the Centre for Theological Inquiry at Princeton University in New Jersey to assess how religions would react to news that life exists on worlds beyond our own," the report said.

In his book *Astrobiology and Christian Doctrine*, Dr Andrew asks the questions: Is there life anywhere else in the universe? Will the discovery of new life outside earth change the origin theories found in all religions? How will the discovery affect the belief system of religious people across the world?

According to Technotrenz, NASA is enlisting the help of 24 theologians as part of a plan to determine how different religions around the world would react to news of extraterrestrial life. “Consider the implications of applying the tools of late twentieth and early twenty-first-century science to questions that had been considered in religious traditions for hundreds or thousands of years,” said Carl Pilcher, former head of NASA’s Astrobiology Institute.

NASA’s James Webb Space Telescope, built to give the world its first glimpse of the universe as it existed when the earliest galaxies formed, was launched by rocket yesterday.

NASA Administrator Bill Nelson, striking a spiritual tone as he addressed the launch webcast by video link, quoted the Bible and hailed the new telescope as a “time machine” that will “capture the light from the very beginning of the creation.”

Webb’s instruments make it ideal to search for evidence of potentially life-supporting atmospheres around scores of newly documented exoplanets – celestial bodies orbiting distant stars – and to observe worlds much closer to home, such as Mars and Saturn’s icy moon Titan.
