## **Introduction to the Absolute Picture**

The absolute picture is a graphic representation of reality and there is a limit to how much information can be shown in the picture. That does not mean that a topic or sub-topic is not included if it is not shown in the absolute picture. We can examine the pieces of the absolute picture in more detail and the main symbols can be broken down into more symbols that form other pictures. It's the same as zooming in on a map with your computer. When you zoom out you can't see all the fine details. When you zoom in you see detailed information on one area of interest.

## **Parts of the Absolute Picture**

The hierarchy for all the beings in the universe can be divided into four sections. The top section is God and the angels in heaven. The next section down is the spiritual level where there are levels of fallen angels including Lucifer. The next section down is where the human members of the N.W.O. are. The next section down is the bottom section where the citizens of the nations are.

The symbols that are part of the absolute picture are listed below and described. The various topics they represent are explained in the courses at Infowar School.

### **The Top Level: God**

(1) The top level of the hierarchy of all the beings in the universe is God and the angels and heaven. God is the highest authority and He created the universe and all life in it.

(2) The battle line of the infowar. We are cut off from God because we are in a fallen sinful state of being. Until resurrection day we will be cut off from God. It would not be practical to show all the forces arranged on one side or the other of the battle line in the absolute picture. The battle line is shown in the picture because it represents a fundamental topic of the infowar.

### **The Spiritual Level: Lucifer and the Fallen Angels**

(3) The spiritual level is where the hierarchy of Lucifer (4) and the fallen angels (5) are. There are no reincarnated or ascended humans. When humans die they remain dead until resurrection day. Lucifer is the top of the Spiritual Hierarchy and the fallen angels are divided into three sub sections below Lucifer.

### **The Human Members of the N.W.O. Level**

(6) The high level human members of the N.W.O. are shown in this section. This section represents the secret society organizations (11) and non secret organizations. They work together. There are other organizations that are not shown because the picture would become too crowded. Not every employee or member of these organizations is a N.W.O. member. There are levels within each organization just like any conspiracy has and many people are only deceived into helping the N.W.O. or are not part of the N.W.O.

at all but they are still part of a N.W.O. organization. The N.W.O. is pervasive by this day in age and you cannot avoid contact with them in one form or another. We use their money and work in their corporations.

### The Lowest Level: You and the Other Citizens of the Nations

(16) The citizens of the nations are the lowest section of the absolute picture. There are people in this section helping the N.W.O. but they are among the lower levels of their membership including unknowing co-conspirators. The N.W.O. has divided the world into three parts that they use. There are other smaller parts and divisions and the N.W.O. uses those parts as well but the three main divisions that are used against each other for the benefit of the N.W.O. are the Jews and Christians (18), the communists (19), and the Muslims (20). The Christians and Jews are essentially the West and the communists and Muslims are essentially the East. They are used against each other in an 'East vs. West' (17) arrangement. That is no coincidence. The N.W.O. planned it that way.

The sheep (21) represent the citizens of the nations. The sunglasses (22) represent a citizen who knows about the N.W.O. All three divisions of the world have their armies (23).

The camera represents the N.W.O. technocracy (24). The green footprint represents your carbon footprint (25). The green credit card represents your monthly carbon credits (26). The robot dog represents the N.W.O. police state (27). The filmstrip represents the N.W.O. media of false reality (28).

### The Timeline of History

The timeline of history (29) represents the approximately 6000 years of human history from creation until today.

### There is Only One Story Being Told by Every Religion (Including Evolution) About the Conflict between the N.W.O. and Humanity

There is only one story that accounts for everything and makes sense and can be proven. It is the story from the original text Holy Bible. A similar story is being told by all the world religions but the details are not all the same and there are errors and deceptions. The basis of their stories is the same. They all tell us that humans were created by God and Lucifer interfered with God's creation.

Theosophy teaches that the original text of the Bible is incorrect. In the quote below Helena Blavatsky tells us that all religions come from Theosophy including Christianity. The quote also tells us that all the religions are going to become one religion again which will be the N.W.O. one world religion which will probably be Theosophy.

THE SECRET DOCTRINE:  
The Synthesis Of Science, Religion, And Philosophy.  
Vol. I.—COSMOGENESIS.  
*H. P. Blavatsky*  
*The Theosophical Publishing Company, Limited*  
1888

But it is perhaps desirable to state unequivocally that the teachings, however fragmentary and incomplete, contained in these volumes, belong neither to the Hindu, the Zoroastrian, the Chaldean, nor the Egyptian religion, neither to Buddhism, Islam, Judaism nor Christianity exclusively. **The Secret Doctrine is the essence of all these. Sprung from it in their origins, the various religious schemes are now made to merge back into their original element, out of which every mystery and dogma has grown, developed, and become materialised.**

[https://www.lucistrust.org/resources/articles/the\\_hierarchy\\_light](https://www.lucistrust.org/resources/articles/the_hierarchy_light)  
The Hierarchy of Light (Lucis Trust)

**Throughout time**, the idea of a group of wise and enlightened beings working behind the scenes to guide our planet has been conveyed in **spiritual teachings, in literature and myth**. This group, known by **various names** such as the **spiritual Hierarchy**, the **Masters of the Wisdom**, and the **Elder Brothers** has ever come forth in times of crisis and today will be no different. Great teachers such as **Socrates, Shri Krishna, Mohammed, the Buddha and the Christ** have all been **members of the Hierarchy**.

#### There Are Only Two Sides to the Story of the Conflict

The two sides of the story are represented by the 'battle line' which is the purple and yellow line shown in the absolute picture. All religions are on the side of Lucifer except for the Seventh Day Adventist Church (SDA). God tells us in the Bible that the people He chose to carry his message in the end times is the SDA church. The SDA church uses the original Bible alone as its source of authority. All other religions accept in part or completely the doctrine from Lucifer. That makes the battle line of the infowar perfectly clear.

It is the religious systems that are corrupted. Most of the people involved in those corrupted systems are truly looking for God and His truth but they have not found it yet. Most people are on the wrong side of the battle line because they don't understand where the battle line is and why it is there. Most people reject Lucifer and they have been seeking God their whole life but they just don't know who God really is so they can only trust God to be waiting for them. Always remember that there is a group of 6000 year old angels trying to deceive you.

### Only One Side Is Telling the Truth

How can we ever solve anything if we are being lied to? If two parties are involved in a conflict and they are both honestly trying to find a resolution, then they should both tell the truth, fully and completely. If you want to understand the conflict involving the N.W.O. and humanity, you must realize that the N.W.O. are deceiving you about certain topics. You have to identify the lies being told by the N.W.O. to prevent those lies from interfering with your judgment.

### God's Side of the Story

The prophecies prove God is Who He tells us He is and they prove He does what He tells us He will do. They also prove that God does not lie. Also, God's story is verified by history, science and archaeology.

### Lucifer's Side of the Story

Lucifer's side of the story, which is Theosophy, is not verifiable by facts as we saw in Operation Icebreaker. Also, if the N.W.O. wanted to create world peace and prosperity they could have accomplished that goal long ago. They spend trillions of dollars of their money and all they have to show for it is a world of chaos and suffering not only for humans but also for the animals. The N.W.O. could have bought everyone a house and property and cars and equipment and food enough for a lifetime. They tell us they have been guiding humanity and always have been as we saw in their statements regarding their hierarchy and their Plan for humanity. They are only building a N.W.O. to try to force God to abdicate.

### Deceptions by Lucifer

#### Theosophy

Theosophy is Lucifer's false absolute picture. It is his false religion. It is the basis for the following deceptions that are used to build the N.W.O.

#### The Timeline of History

The age of the Earth and the universe is about 6000 years old. There is proof that the Earth is 6000 years old. The reason Theosophy tells us Earth is millions of years old is to support their claims of reincarnation which is also a lie. The false timeline of millions of years also supports the N.W.O. environmental agenda and their evolution deception.

### *The Actors in the Deceptions of Theosophy*

The only beings available to play the roles required by the N.W.O. deceptions are Lucifer and the fallen angels and the humans that help them. When Theosophy tells us that purely evil beings are members of the Black Lodge, it is Lucifer and the fallen angels pretending to be those beings. If there are any aliens it is only Lucifer and the fallen angels deceiving us as part of their plan. Any reincarnated humans are also deceptions perpetrated by Lucifer and the fallen angels.

### *The Black And White Lodges: Opposing Sides Are Working Together*

Lucifer and the fallen angels are pretending to be two opposing groups of beings that are battling each other here on Earth. They use this pretend battle as a cover story for their activities related to building their N.W.O.

Theosophy tells us that the White Lodge members include Lucifer and the fallen angels and reincarnated humans and other beings as well as the Allied powers from World War Two. The White Lodge also created the United Nations. Theosophy also tells us that the Black Lodge is guiding the Jewish race and the Axis powers from World War Two which were the Nazis and fascists. The Black Lodge controls the world banks and many global corporations. The N.W.O. also associates Christianity with the Black Lodge so they can persecute Christians during their endgame strategy.

### *Evolution and Reincarnation*

Evolution taught by Darwin was used by Lucifer as part of his plan to build the N.W.O. It was used to create communism and undermine faith in the Bible. A former member of a secret society named Roger Morneau has said that Lucifer tutored Darwin personally.

The evolution taught by Darwin is not the same as the evolution that Theosophy teaches. Theosophy teaches that evolution is achieved through reincarnation which means you have to die and then reincarnate into another being. Dying and reincarnating is the process of evolution that Theosophy teaches. The N.W.O. want all of humanity to evolve into gods and that means they want you to die. Lucifer thinks he can force God to abdicate if he can destroy God's creation.

There is no reincarnation. If you are redeemed by Jesus then you are resurrected and live forever after that. If you are alive when Jesus returns and you are redeemed you never experience death. The unredeemed who have chosen evil and reject God are destroyed in a lake of fire.

### Ray Energy

As we saw in Operation Icebreaker, Theosophy teaches that there is ray energy that is used by the White Lodge to achieve their goals. They tell us they use the ray energy to destroy old forms using war and disease and then they build the new forms of the N.W.O. Theosophy also tells us that there is no proof of these rays existing.

### The False Jesus Christ and Corrupted Christianity

The Jesus of the original text Bible is not the same Jesus the N.W.O. describes. The main reason Lucifer lies about Jesus is because Jesus is part of the Holy Trinity of God which is Father, Son and Spirit (Jesus is the Son). Jesus created the universe everything and everyone in it including Lucifer and the fallen angels. If you know who Jesus is and what He tells us in the Bible you will defeat the N.W.O. The only opportunity Lucifer has to defeat you is if you choose to reject God or if you are deceived into helping Lucifer.

### Israel

Lucifer is using the nation of Israel and the Jews as part of his strategy to build a N.W.O. Lucifer uses the deception of the Black and White Lodge's where the Jews are allied with the Black Lodge. Lucifer also uses the deception of the Jews being God's chosen people who are building the nation of Israel in accordance with God's will. Lucifer is using the Jewish race as a pawn in his plan.

**I would point out here that the fourth energy, focussed in the Jewish problem, is definitely producing cleavage as a part of the divine plan. The Jews are instruments in the working out of the Plan for the production of certain syntheses and to bring humanity to certain realisations and decisions.** A close study of this tabulation will bring you much of knowledge. However, it only expresses the present situation in this interim period between the old Piscean age which is passing and the new Aquarian age which is coming in. It depicts this present world cycle. The emphasis of the rays changes in connection with the last two types of energy expressions quite constantly, because they are symbolic (in this day and age) of the personality nature in its physical and emotional forms.

## The Beginning of the N.W.O.

The time period from 1588 until today is the latest attempt by Lucifer and the Spiritual Hierarchy to take control of Earth and this attempt is called the New World Order. There were several previous attempts by Lucifer to take over the Earth that are shown in the religious study path. The previous attempts by Lucifer to take over the world are part of the prophecy from chapter 2 of the Book of Daniel.

We will look at the major parts of the N.W.O. timeline from 1588 until our present time to get an overall picture of their activities which will help us more easily learn the various smaller parts of the N.W.O. timeline. But first we will review the main points of Lucifer's previous attempt to take over the world so we can better understand the very beginning of the N.W.O.

### The Previous Attempt of Lucifer and the Spiritual Hierarchy to Take Over the World Was the Holy Roman Empire

We saw in Operation Icebreaker that the Catholic Church was not built on the original text Bible and they don't pay homage to God who created humanity and the Pope claims he stands in the place of God on Earth. Three Popes have called for a New World Order and the original text Bible calls the Catholic church Lucifer's creation and told us about it before it happened by using prophecy.

The Holy Roman Empire lasted about 900 years. There was direct opposition to that attempt by Lucifer to take over the Earth as well as set backs that were circumstantial. Two examples of direct opposition to the Holy Roman Empire were the schism with the East Orthodox Church in Russia and the Protestant Reformation in Europe. Two examples of indirect opposition to the Holy Roman Empire were the creation of the printing press, in Germany, and the caravel ship that could cross the ocean to the 'New World' of the Americas, or the West as we call it today. The printing press could mass produce Bibles and the Christians could now escape to the New World and avoid being killed by the Catholic Church. Taking over the Earth and humanity is difficult and there are always new obstacles arising for Lucifer.

### The Final Reason Lucifer's Previous Plan Failed Was the Destruction of the Spanish Armada In 1588

Lucifer and the Spiritual Hierarchy and their human followers tried to overcome the setbacks to their plan for the Holy Roman Empire to take full control of the Earth. They tried using the Crusades to take control of the Temple Mount and to bring the Russian Orthodox Church under their control but they failed. They created the Jesuits to counter the Protestant Reformation that was giving millions of people access to the truth of the original text Bible because the Bible exposed their plans. The Reformation had the potential to destroy the Holy Roman Empire.

Lucifer could see that the Reformation that was spreading in England would reach the New World if it was not stopped because the new ship type called the caravel could bring the Christians to the New World with their Bibles. It would be much easier to stop the Christians in England before they reached the New World in the Americas. The Christians would be contained in Europe where they could be annihilated. The Spanish Armada was sent to destroy England's navy and invade the country and stop the Protestant Reformers. The Spanish Armada eventually reached England and it was destroyed by a combination of naval tactics and bad weather that smashed the ships on the rocks under the water.

The destruction of the Spanish Armada was a setback that could not be overcome and the Protestant Reformers were guaranteed to reach the New World. They would not be easily stopped there because they could flee, hide and be nurtured and thrive and the Holy Roman Empire would have to overcome the ocean and survive on the new continent just to engage in battle with the Protestants. The Christian Protestants would be protected by an ocean and a wilderness. The Protestants in the Old World were also becoming stronger.

The old plan Lucifer and the Spiritual Hierarchy were using to take over the Earth would not work anymore. A new plan would be needed. They needed a plan to take over the New World. They needed to create a New World Order.

### Creating the Plan for the N.W.O. Started In 1588

### New Problems Lucifer and the Spiritual Hierarchy Faced Because the Spanish Armada Was Destroyed

The hundreds of years needed to recover from the setback of the Spanish Armada defeat would cause new obstacles to arise for Lucifer and his hierarchy. Because of the printing press, knowledge of any type could spread and increase. Eventually knowledge driven revolutions would take place such as the scientific revolution, the industrial revolution and the technological revolution. The Protestants in the New World and in England and Europe would become more powerful over the generations and populations around the world would increase. That meant there would be many more people to control and they will know who their enemies are and they will be smarter and better equipped to resist the attempts by Lucifer and the fallen angels to take over the world.

### How to Create a Strategy to Take Over the World

Creating a strategy to take over the world is probably just like creating any other strategy. The usual tactics that build any strategy are applied to problems and a sequence of events is programmed and then followed. Don't forget, we are talking about the N.W.O. who are criminals so their tactics will also include crimes like murder or coercion and fraud. Everything is on the table when the N.W.O. are involved.

Multitasking would have to be included in such a complex strategy as taking over the world. For example, the N.W.O. used World Wars One and Two for setting up their world government (the U.N.) but those wars also killed many Protestants because Martin Luther was from Germany and there was a large Protestant population there. Many Protestants from America and Britain were also killed. The two World Wars also helped the N.W.O. create Israel.

Future competition to the N.W.O. would also have to be stopped. As generations pass, groups that are not part of the N.W.O. will become more powerful and difficult to control. They would have to be identified and stopped or weakened before they could become too strong.

Gaining control of the world money supply is absolutely necessary. Money affects everyone and can be used to corrupt almost anyone. It is very powerful. Money is used to take over governments and nations and then control them so they will obey the N.W.O.

There are two other tactics that the N.W.O. needed to use in their strategies. One is deception and the other is problem reaction solution. Deception has to be used because humanity already has everything it needs for peace and prosperity so there is no reason for anyone to give up their nation and accept the N.W.O. as their new ruler. The N.W.O. has to lie and create the reasons for us to want their N.W.O. Those reasons are pain and suffering and death which they cause with their wars and diseases. Then they offer their N.W.O. as the solution to the problems they created.

With the 6000 years of experience and knowledge that Lucifer and the Spiritual Hierarchy have, there is no problem for them in creating the strategy that we find when we investigate their N.W.O.

### The Experience and Capabilities of Lucifer and the Spiritual Hierarchy

Lucifer and his Spiritual Hierarchy are 6000 years old. Imagine how intelligent and experienced you would be if you were only 500 years old. Lucifer was 500 years old a dozen times. More than once, they have conquered the world and they have conquered many nations during history. They can observe us without our knowing they are there because they can remain invisible. They can communicate without us hearing them. They are more intelligent than humans are and all they do is work at taking over the world and destroying God's people. It is not a hobby or a game for them, it is their mission. If you try to interact with them they have the physical power to kill you. The only reason they don't kill us all is because God is in control and limits what they can do. There are also good angels that have not chosen to disobey God or accept evil and they protect us. The reason we have all this evil is because God gave us all the freedom to choose to obey Him or disobey Him but there are consequences for our choices.

## The Three Major Goals of the N.W.O.

The three major goals of the N.W.O. are all deceptions designed to hide Lucifer's true intentions. The three major goals of Lucifer's N.W.O. are all the same goals of Lucifer's Master Plan which is to force God to abdicate. Most people do not want to try to force God to abdicate because it is impossible and leads to death. That's why Lucifer disguises his goals as the building of the N.W.O.

The three major goals of the N.W.O. members are to create a new world religion, a new world financial order and a one world government. Those three goals drive all their activities towards one complete New World Order. Each of the three major goals has its own strategy of the same name which are the three Major Strategies for building the N.W.O.

### THE NEW WORLD RELIGION

*LucisTrust.org*

**The establishing of a certain uniformity in the world religious rituals**, will aid men everywhere to strengthen each other's work, and enhance powerfully the thought currents directed to the waiting spiritual Lives. At present, the Christian religion has its great festivals, the Buddhist keeps his different set of spiritual events, and the Hindu has still another list of holy days. In the future world, when organised, all men of spiritual inclination and intention everywhere, will keep the same holy days. This will bring about a pooling of spiritual resources, and a united spiritual effort, plus a simultaneous spiritual invocation. The potency of this will be apparent.

**The day is dawning when all religions will be regarded as emanating from one great spiritual source**; all will be seen as unitedly providing the one root out of which **the universal world religion will inevitably emerge**. Then there will be neither Christian nor heathen, neither Jew nor Gentile, but simply **one great body of believers**, gathered out of all the current religions.

The Religious Problem

**When we come to consider religion in the new world order**, we are faced with a far more complicated problem and yet, at the same time, with a far easier one...Forms of religion are so different, and the theological adherents are so fierce in their loyalties and partisanships, that the emergence of a world religion is necessarily of profound difficulty. But that **emergence is very close at hand** and the differences are relatively superficial. **The new world religion is nearer than many think**, and this is due to two things: first,

the theological quarrels are mainly over non-essentials, and secondly, the younger generation is basically spiritual but quite uninterested in theology.

It is rather difficult to know exactly who conceived of a “**new international economic order**” or when the term was first used. On the other hand, official recognition of the notion can be accurately dated because **it followed from two resolutions of the United Nations General Assembly of 1 May 1974** concerning, respectively, the **Declaration on the Establishment of a New International Economic Order (resolution 3201 (S-VI))** and the Programme of Action on the Establishment of a New International Economic Order (**resolution 3202 (S-VI)**).

**9. In the preparatory period for the new world order there will be a steady and regulated disarmament. It will not be optional.** No nation will be permitted to produce and organise any equipment for destructive purposes or to infringe the security of any other nation. One of the first tasks of any future peace conference will be to regulate this matter and gradually see to the disarming of the nations.

It does not essentially matter whether that aggression is the gesture of any particular nation or group of nations or whether it is generated by the political groups of any powerful religious organisation, such as **the Church of Rome, who are as yet unable to leave politics alone and attend to the business for which all religions are responsible**—leading human beings closer to the God of Love.

Summary

**DISARMAMENT GOAL AND OBJECTIVES**

The over-all goal of the United States is a free, secure, and peaceful world of independent states adhering to common standards of justice and international conduct and subjecting the use of force to the rule of law; a world which has achieved **general and complete disarmament under effective international control**; and a world in which adjustment to change takes place in accordance with the principles **of the United Nations**.

In order to make possible the achievement of that goal, the program sets forth the following specific objectives toward which nations should direct their efforts:

- **The disbanding of all national armed forces and the prohibition of their reestablishment in any form** whatsoever other than those required to preserve internal order and for contributions to a United Nations Peace Force;

- The elimination from national arsenals of all armaments, including all weapons of mass destruction and the means for their delivery, other than those required for a **United Nations Peace Force and for maintaining internal order**;

- The institution of effective means for the enforcement of international agreements, for the settlement of disputes, and for the maintenance of peace in accordance with the principles of the United Nations;

- **The establishment and effective operation of an International Disarmament Organization** within the framework of the United Nations to insure compliance at all times with all disarmament obligations.

Other Important Tactics and Strategies

Problem Reaction Solution [Coercion]

This tactic is basically coercion. Some people call it problem, reaction, solution. The N.W.O. call this tactic harmony through conflict. They use their deception of ray energy to justify the death and destruction of anyone who opposes the N.W.O.

[https://www.lucistrust.org/online\\_books/obooks\\_the\\_destiny\\_the\\_nations/2\\_the\\_nations\\_and\\_the\\_rays](https://www.lucistrust.org/online_books/obooks_the_destiny_the_nations/2_the_nations_and_the_rays)

2. The Nations and the Rays. - Online Books (Lucis Trust)

It is interesting to note that **the fourth Ray of Harmony through Conflict** which before long will come into power again, is to be prominent in the destinies of India, Germany, Italy, Austria and Brazil. **It is for this that there is so much preparatory turmoil in four of these countries.** The sixth Ray of Idealism is potent in Russia, the United States, Italy and Spain. It is the fanatical adherence to an ideal which is responsible for the potent changes in these four countries. **In Germany and Italy the**

harmonising of the fourth ray, working through conflict, is also to be seen. Hence we have in all these countries a process of "breaking-down" and of destruction of old forms prior to an adequate responsiveness to the influence of the incoming ray. It should be remembered that as with individuals, so with nations — the reaction to an increasing influence of the soul ray is ever accompanied by a breaking down period; this demonstration of destruction is, however, only temporary and preparatory.

The incoming seventh Ray of Order is surely, even if slowly, imposing order and a new rhythm of life upon mankind. The effect of these incoming energies and of the rays which are active at any one time is felt in the following sequential order:

1. The sensing of an ideal.
2. The formulation of a theory.
3. The growth of public opinion.

4. The imposition of the new and developing pattern upon the evolving life.

5. The production of a form, based upon that pattern.
6. The stabilised functioning of the life within the new form.

It should be remembered that each ray embodies an idea which can be sensed as an ideal. The rays in time produce the world pattern which moulds all planetary forms and thus bears witness to the inner potency of the evolutionary processes. This pattern-forming tendency is being recognised today by modern psychology in connection with the human being and his emotional or thought patterns are being charted and studied.

### Thesis, Antithesis, Synthesis and False Flag Attacks

This strategy uses opposing groups or opposing ideologies against each other. In order to create the conflicts that help advance the N.W.O. strategies forward, the N.W.O. need to ensure that opposing groups are extreme enough to cause conflicts with each other. If the two opposing groups do not have disputes with each other that are significant then a conflict may not take place or worse yet, the disputes may even be resolved and a conflict will never take place.

The N.W.O. will radicalize groups to become extreme opposites of each other and then use a staged attack against one group and blame it on the other group to start the conflict. It's called a 'false flag' attack.

### The Externalisation Of The Hierarchy SECTION TWO - THE GENERAL WORLD PICTURE - Part 1

4. The forces of materialism, streaming out into the three worlds from the so-called "**Dark Forces**" or **Black Lodge**, and from those groups of lives and workers which are the antithesis of the Great White Lodge.

I would point out here that the fourth energy, focussed in the Jewish problem, is definitely producing cleavage as a part of the divine plan. The Jews are instruments in the working out of the Plan for the production of certain syntheses and to bring humanity to certain realisations and decisions.

## The Black And White Lodges

The fake and staged conflict between the White and Black Lodges provides a cover story for the building of the N.W.O. The Black Lodge is building and has built a great deal of the N.W.O. and so has the White Lodge. The conflict between the two lodges provides the reasons for war and other activities that destroy the opposition to the N.W.O. After opposition is destroyed the N.W.O. is built in its place.

When the din of **battle and the smoke and fire of bombing** and the cruel effects on human bodies have faded into the past, it will be apparent to the understanding aspirant that **much evil has been destroyed in all fields of human activity—in the field of theological religion, in the field of politics, and in the field of selfish economic competition.** It will be for humanity then to precipitate and stabilise the appearing good, and this they will learn to do through the utilisation of the third Shamballa energy—the energy of organisation. **The new world will be built upon the ruins of the old. The new structure will rise. Men of goodwill everywhere, under the guidance of the New Group of World Servers,** will organise themselves into battalions of life, and their first major task must be the development of right human relations, through the education of the masses. This means the paralleling development of an enlightened public opinion, which is (speaking esoterically) right response to the sound which conveys the will of God to the ears of the attentive. Then humanity will indeed move outward from the desert, leave the seas behind, and know that God is Fire.

## Compartmentalization of the N.W.O. Members

Because the N.W.O. is built on deception, people involved in its creation must not be allowed to fully communicate with each other. If people start learning the true motivations of Lucifer they will stop helping him build the N.W.O.

### the work of the heirarchy

[https://www.lucistrust.org/resources/articles/work\\_of\\_the\\_hierarchy](https://www.lucistrust.org/resources/articles/work_of_the_hierarchy)

The Hierarchy works through its disciples and co-workers in all countries, and never before have there been so many endeavouring to fit themselves for this function in the world as “Transmitters of the Plan,” and never before has there existed such a strong inner integrity and subjective relation between workers in all fields in all parts of the world. For the first time in history there is a coherent world group for the Masters to work through. But, the need for trained workers was never greater nor so widespread nor so urgent as now.

When the hierarchical worker is an advanced worker, he or she is aware of the source of guidance and co-operates consciously with the plans of the Hierarchy. Such workers gather around them lesser disciples who will work along the same lines, through community of interest and humanitarian conviction. They may be **quite unconscious of any hierarchical guidance or spiritual objective**, except the recognition that they love their fellow men, and this love conditions all they do and motivates their every effort. From the standpoint of the Master, **they can be reached, impressed, and directed; and most definitely they are so reached.**

### The Matrix of Deception

The media deceives the populations of the world so that resistance to the N.W.O. will not form or it will be mitigated. The White and the Black Lodges both use deception and propaganda. The media also fool the nations into helping build the N.W.O.

#### RULE TEN - Part 1

*Lucis Trust*

In the above you have in reality a great formula for group activity and also a potent method (once the group can unitedly work together) for the cleansing and the re-organisation of the forces active in the world today. **These forces are now raging and running wild; their effect is almost tangible (being in etheric substance) and factually and visibly present under the control of the Black Lodge. This [192] Lodge uses the voices of lying propaganda,** the Word of death (which I shall not give to you for the O.M., the Word of Life, suffices), and the Sound of the densest aspect in manifestation—the sound of power in the mineral kingdom. This constitutes an unparalleled condition and creates a unique concentration of the Forces of Good and the forces of evil upon the etheric plane. The task of all groups which are working under the Masters of the Wisdom is to let in the light, utilising those rents which already exist within the Veils of maya.

There are thus **two tasks for the Mass Media division of Unesco** the one general, the other special The special one is to **enlist the press and the radio and the cinema to the fullest extent** in the service of formal and adult education, of science and learning, of art and culture The general one is to see that these agencies are used both to contribute to mutual comprehension between different nations. and cultures, and also to promote the growth of a common outlook shared by all nations and cultures Not much remains to be said in conclusion, but what remains is important. It is that the task before Unesco is necessary, is opportune, and, in spite of all multiplicity of detail, is single. That

task is **to help the emergence of a single world culture**, with its own philosophy and background of ideas, and with its own broad purpose

p.13 In its education program it can stress the ultimate need for world political unity and familiarize all people with the implications of the transfer of full sovereignty from separate nations to a world organization...

p.17 political unification in some sort of **world government will be required**... common outlook shared by all nations and cultures...

p.21 Even though it is quite true that any **radical eugenic policy** will be for many years politically and psychologically impossible, it will be important for UNESCO to see that the **eugenic problem is examined** with the greatest care, and that the public mind is informed of the issues at stake **so that much that now is unthinkable may at least become thinkable.**"

### Five Major Stages of Construction for Building the N.W.O.

The N.W.O. has been built over time in five major stages of construction. The different stages overlap and blend with each other a little bit and they build upon each other as they work towards the N.W.O.'s final goals. Each stage is very complex and is an enormous undertaking for the members of the N.W.O. Each stage has its own strategies, sub-strategies and tactics.

The 5 stages of construction of the N.W.O. are listed below. The major events of history related to the building of the N.W.O. are shown for each stage. They are only described in point form here so the connections may not be obvious between the people and events and how they are all related to the building of the N.W.O. This section is only intended to give you an overview of the N.W.O. timeline so you can more easily study the timeline. The time scales are so vast that you can become lost in details and lose sight of the absolute picture. Learn the major topics and their place on the timeline first and then examine those topics more closely. There are more details in the courses about the people and events listed below and how they are related to the building of the N.W.O.

#### 1588-1798 Transition Stage: Prepare The Human Hierarchy To Build The Foundations Of The N.W.O.

Changing the lifestyle of humanity happens very slowly. The first two stages of building the N.W.O. are used for transitioning from Lucifer's old Main Strategy of building the Holy Roman Empire to his new Main Strategy of building the N.W.O.

##### *The Counter Reformation*

- Continue the Counter Reformation and expand it into the New World in the Americas.
- Infiltrate Jesuits into Protestant churches, especially in England and the New World.

##### *East India Trading Co*

- Promote colonization and exploitation and begin creating Third World nations for the future conflict between the West and East.
- frame the West as colonizers during the N.W.O. endgame

- Use the British East India Company to sell opium in China to plant the roots of the N.W.O. in China.
- Weaken the ancient civilizations of the East, especially India.

CHAPTER IV - THE PROBLEM OF THE RACIAL MINORITIES - Part 1

2. The Negro Problem

For centuries they have been exploited and driven into slavery, first by the Arabs, then later by those who purchased them from the slave-owners and carried them into slavery to the United States or to the West Indies. **They have been exploited also by the European nations who seized vast territories in Africa and enriched themselves on the produce of those countries and the labour of their inhabitants—the French in the French Sudan, the Belgians in the Belgian Congo, the Dutch and the British in South Africa and the West Coast of Africa**, the Germans in German East Africa and the Italians in Eastern Africa. It is a sorry story of cruelty, theft and exploitation on the part of the white race, though much good also came out of it for the black race. The story of these relationships is still unfinished, and unless it is conducted in the future with righteousness and justice, may terminate in tragedy. There is, however, much improvement in the internal history of these territories, and there is much reason for optimism.

The problem of the Negro falls into two divisions: the problem of the future of the African **Negro and the problem of the future of the Negro in the western hemisphere.**

Slavery 1621–1834

**The East India Company's archives suggest its involvement in the slave trade began in 1684**, when a Captain Robert Knox was ordered to buy and transport 250 slaves from Madagascar to St. Helena. **The East India Company began using and transporting slaves in Asia and the Atlantic in the early 1620s**, according to the Encyclopædia Britannica, or in 1621, according to Richard Allen. Eventually, the company ended the trade in 1834 after numerous legal threats from the British state and the Royal Navy in the form of the West Africa Squadron, which discovered various ships had contained evidence of the illegal trade.

30 Years War

- Create the Thirty Years War between the Catholics and Protestants and use it to cause an enlightenment era. The hatred of the Christian religion and its wars will allow other forms of religious thinking to take root.
- The Enlightenment Era will lead to human rights and the United Nations. The Enlightenment also increased membership in the secret societies such as the Freemasons and the Rosicrucians.

Reorganize the Secret Societies

- Create the Rosicrucians.
- Create the Committee of 300.
- Create Speculative Freemasonry, especially in Protestant nations, so that Protestants who are interested in the occult can join as members and learn about the Luciferian religions. Over the generations the occult influence will take control over the Protestant nations.
- Create the Illuminati.

In the esoteric group, which is composed of the **true spiritual esotericists found in all exoteric occult groups, in the church**, by whatever name it may be called, and in Masonry you have the three paths leading to initiation. As yet they are not used, and one of the things that will eventuate—**when the new universal religion has sway and the nature of esotericism is understood**—will be the utilisation of the banded esoteric organisms, the Masonic organism and the Church organism as initiating centres. **These three groups converge** as their inner sanctuaries are approached. **There is no dissociation between the One Universal Church, the sacred inner Lodge of all true Masons, and the innermost circles of the esoteric societies.** Three types of men have their need met, three major rays are expressed, and the three paths to the Master are trodden, leading all three to the same portal and the same Hierophant.

Begin Setting Up Rothschild Owned Central Banks in England, America and West Europe

- The privately owned national central banks lead to world banks and digital carbon credits for the N.W.O. technocratic world government.

1798-1914 Transition Stage: Build New World Order Foundations

Napoleon

- Remove the Pope from power so that the Protestant nations will not distrust the newly beginning world government of the United Nations. The separation of church and state was vital to avoid suspicion and gain acceptance by the nations of the world especially the Protestant nations.
- The French revolution which ended Papal sanctioned royalty ruling over the nations was an early step towards the United Nations.
- Napoleon began the creation of the nation of Germany that would play an important role in the N.W.O. plan during the World Wars. A defined German nation was needed so it could be properly destroyed. The prominent Reformer Martin Luther was German and there was a strong base of German Protestants.
- Napoleon suggested that the land of Palestine be made a new homeland for the Jewish people and attempted to take the land but he was defeated.

## Evolution

- The theory of evolution is introduced. It will lead to Communism and justification for the Nazis activities. It also undermines faith in the Holy Bible.
- Theosophy teaches evolution but it is not the same as Darwin's teachings. The difference is Theosophy tells us that you evolve through reincarnation.

Moreover, one of the greatest Western Evolutionists of our modern day, the coadjutor of Darwin, Mr. A. R. Wallace, when discussing the inadequacy of Natural Selection alone to account for the physical form of Man, admits the guiding action of “higher intelligences” as a “necessary part of the great laws which govern the material Universe” (“Contributions to Theory of Natural Selection”). These “higher intelligences” are the Dhyān Chohans of the Occultists.

## Create Communism

- Communism was used to destroy and infiltrate the Eastern Orthodox Catholic Church in Russia because of the schism between the Pope and the Eastern Orthodox Catholics. The Crusades failed so Communism was used. The bond between the Pope and the Russian Catholics is much stronger now because the Pope is given credit for helping end the Soviet Union.
- Communism is used to divide the world into two groups: East vs. West.
- Communism leads to a technocratic police state as we see in China in our time.

**Under the impact of these ideologies the spiritual growth of the human family is fostered**, because the emerging spiritual factor (under the evolutionary law) is ever present, and always there is to be found a tendency towards God and divine expression. **That is why the issue is stressed between Christianity and Communism—a controversy emphasised by the Roman Catholic Church, but one into which the communistic nations are already drawing the Protestant churches.**

1. The Crisis of the Ideologies

.....

We have, for instance, **the great crisis in the world today presented by the conflict between Communism and the democratic point of view**. I mention this first because it is the one which is occupying a prominent position in the eyes of all men everywhere. **This presents a dominant spiritual opportunity**. The democratic attitude, dedicated as it claims to be to human freedom (however little of that freedom is yet truly attained) is—because of that freedom factor—sponsored today by the Hierarchy.

- The Theosophical Society is founded and the New Age religion of Theosophy is introduced.

#### 1914-1945 Build World [Globalist] Institutions

- World War One:
  - Begin the state of Israel.
  - Break up the Ottoman Empire and the Austro-Hungarian Empire.
  - Destroy the Russian royal family
- World War Two:
  - Create the nation of Israel and fill it with migrants.
  - Create the United Nations.
  - Use Nazism and fascism to frame future national patriots, especially Protestants.
- Create the world banks

#### 1945-2019 Promote Internationalism

- Calls for N.W.O. are made by the Theosophical Society and other world leaders and various institutions.
- the Trilateral Commission is created to promote internationalism.
- Global threat awareness is promoted to justify a global government and create unity.
  - co2, terrorism, viruses, natural disasters, extra terrestrial threats.
- Aliens introduced to normalize non human entities so Lucifer and the fallen angels can reveal themselves.
- Begin building the global police state using global terrorism that began with the creation of Israel.

#### 2019- N.W.O. Endgame: Technocracy and Police State

- Accelerate the N.W.O. depopulation program.
- Use the COVID-19 pandemic to begin technocratic control over the worlds populations.
- Cause a civil war or major civil conflict in America the will divide the country in a way that will emphasize and group Christian patriots so they can be targeted more easily. A divided America will not unite against a foreign attack and will be weaker and more likely to be conquered.
- Attack America using foreign powers after America is weakened and internally divided by civil conflict.
- Provoke a holy war using conflicts between Israel and the Arab Muslim states.
  - Biological terrorism will likely be used to lock down populations at strategic locations and relocate or imprison targeted people.
- Povoke a nuclear conflict to justify total global disarmament and the United Nations as the only entity to posses and use nuclear weapons.

This problem of apathy is particularly **a problem for the western world** with its high living standards and even higher expectations. **If the peoples of the West had been alive to realities there need never have been a Second World War.** If the peoples of **the West were less economically selfish** the problem of economic development and adjustment in the world would be far further forward than it is today. If the peoples of **the West had faced the realities of the race relations** situation earlier there would be relatively few racial tensions today. And if the peoples of **the West had genuinely and whole-heartedly thrown their efforts behind the United Nations,** disarmament could by now have been a reality and the cold war have dissapeared. The **under-developed peoples are already fully stretched, but the West is not.** The West has the resources, the experience and therefore the major responsibility at this time. In fact the peoples of many of **the older nations are in real danger** of being left behind the accelerating progress of humanity and must bestir themselves if they are to make their proper contribution. Otherwise they may find themselves drifting into a backwater in the course of the next generation.

When one considers how small a contribution so many people make, the extent of human progress is miraculous. If the men and women of goodwill in the world will now live up to their possibilities and meet the challenge of what will surely be one of the most exciting periods of change that humanity has ever experienced, the future and the welfare of humanity are assured.
